

THE BRYAN WEEKLY EAGLE

VOLUME XXXIV

BRYAN, TEXAS, THURSDAY, FEBRUARY 3, 1921

(MEMBER ASSOCIATED PRESS)

NUMBER 50

A. & M. REQUESTS ARE REDUCED MATERIALLY

Austin, Texas, Feb. 2.—When the State Board of Control cut the appropriation estimates from \$39,903,342 to \$25,456,586 for the two ensuing fiscal years and thereby lopped off \$14,446,756 it eliminated numerous items from the departmental, eleemosynary and educational bills. They felt the brunt of the pruning knife while the judiciary bill got by with but small reductions and it has already passed the House. The judiciary bill consists almost entirely of the salaries of the various court judges and attorneys and fees paid in law enforcement. It is not difficult to arrive at the exact amount needed for the judiciary, and not so with the other bills.

New clerks and salary raises are asked by numerous departments, as well as new furnishings. Much of that has been eliminated. Heads of the eleemosynary and educational institutions asked for many appropriations for new buildings and other permanent improvements as well as additional employees and salary advances. It is in those items that the bills got their largest trimming.

Taking up the departmental bill it is noticed that the Pardon Board of Advisers had asked for \$9,650 each year and was awarded \$8,100 for each annual period. None of it will be used since the Governor has abolished it. The Board of Control made no change in the requisition of \$36,586 each year for the Governor's office and mansion grounds.

Elimination of one clerk and traveling expenses of the state is responsible for a deduction of \$2,750 from the \$33,720 asked for each year by the Department of State.

Agricultural and Mechanical College proper was given \$845,584 and \$1,989,480, respectively, both of which were material reductions. Several items of repairs were eliminated, also \$250,000 for an armory and gymnasium, \$50,000 for a central gas plant and \$30,000 for an apartment building for instructors. The College was allowed \$75,000 for dining hall addition and repairs, \$150,000 for a library building, \$125,000 for a dormitory, \$15,000 for housing dining-room help, \$30,000 to repair and extend textile engineering building and \$15,000 for the repairing and remodeling of the agricultural building. Main and all subexperimental stations were given a total of \$189,775 and \$191,765 in reductions from requests of \$425,000 for each year. The extension service got what it asked for at \$215,817 and \$245,792 for the two years. State forestry is given \$19,750 each year, when it asked for \$50,000 each year.

Prairie View Normal for negroes is awarded \$188,410 and \$234,010, with only one new building of consequence, being wings to the administration and academic building to cost \$60,000. The sum of \$15,000 is allowed for an addition to the mechanical building.

John Tarleton Agricultural College, Stephenville, is given \$296,280 and \$222,780, which is a material reduction, several buildings having been refused. The sum of \$125,000 is allowed for a boys' dormitory and equipment and \$75,000 for a manual arts building and equipment.

Grubbs' Vocational College, Arlington, met a 100 per cent reduction the first year and a 50 per cent reduction the second year, the totals being \$141,355 and \$242,310, respectively. A number of improvements and new buildings were denied the college, while \$20,000 was allowed for the purchase of additional ground the first year and \$20,000 for the same purpose the second year, also \$100,000 for a new dormitory and furnishings.

Reduction of salaries and lopping off \$60,000 for support and maintenance of the National Guard made a total of \$64,280 difference between the amount asked and the amount recommended for the Adjutant General's Department. The Board of Control's estimates for its own department, \$197,830 is unchanged.

The Attorney General's Department has its askings of \$90,620 cut \$10,000 by eliminating additional stenographers and special agents and holding down the salary of the chief clerk.

The State Treasury Department had its estimate of \$52,800 for the first year sliced in half by small reductions all down the line of items listed. No substantial change is recommended for the second year. Through reductions of salaries and limiting the appropriation for printed blanks, an average cut of approximately \$40,000 is made in the requests of the Department of Education, which were \$317,690 for the first year and \$333,165 for the second year. State Tax Board estimates are cut \$3,000 for each year.

Banking Requests Lopped.
The State Department of Insurance and Banking had its requests of \$250,490 and \$259,240 trimmed by \$70,770 and \$74,770, respectively. This was effected principally through reduction in the allowances for traveling expenses of examiners and in salaries of employees.

Elimination of certain clerks, reduction of salaries and shifts in functions of employees made differences of \$24,000 and \$22,000 in the totals asked by the Comptroller's Department, which were \$133,570 and \$130,576, respectively, for each year. The askings of the State Board of Health, totalling \$281,350 for each year, are cut nearly in half by the Board of Control recommendations. Pruning of appropriations for ten new county health departments, five such departments already established and elimination of a number of assistants and employees received the brunt of the slash. The difference between the amounts asked and the amount recommended for each year is \$140,380.

Survey Fund Eliminated.
In the State Reclamation Department \$25,000 each year for the Red River survey was eliminated and the request of \$40,000 each year for various surveys was eliminated and the request of \$40,000 each year for various maps and surveys was reduced to \$20,000. One of the largest reductions was in the requisition of the Agricultural Department, which totaled \$822,000 each year and the board allowed \$139,000 each year.

Among the items eliminated was

year to \$576,280 and second year from \$556,560 to \$427,780. Maintenance allowance was cut from \$300,000 to \$225,000 each year.

North Texas Asylum, Terrell, had but few changes, and the total was \$456,650 each year. Its maintenance appropriation was treated exactly like that of San Antonio. East Texas Insane Asylum at Rusk was somewhat reduced, the totals being \$315,210 and \$241,010, respectively. State Epileptic Colony, Abilene, was given \$246,620 and \$169,870, for the two years, the board having eliminated some of the requests and reduced others. However, \$60,000 was allowed the first year for an employees' home and storeroom.

Orphans Get \$42,536.
State Orphan's Home, Corsicana, was allowed \$234,565 and \$177,965, respectively, while the Juvenile Training school Gainesville, Texas was given \$275,440 and \$281,440. It was allowed \$90,000 the second year for a new dormitory and \$70,000 the first year for the same purpose. The Girls Training school, Gatesville, drew totals of \$62,810 and \$58,360 which was a cut of approximately 50 per cent State Colony for Feeble Minded at Austin had several buildings eliminated and its estimate cut fully 50 per cent, having been allowed \$157,760 and \$173,460 for the two years.

State Tuberculosis Sanitarium, located at Carlsbad, received \$127,120 and \$314,120, the only new buildings allowed being \$80,000 for a dormitory for males and \$25,000 for females' dormitory. Hospital for Crippled children, Galveston, was slightly cut and given \$9,400 each year.

Negro, Deaf, Dumb and Blind Institute, Austin, received about what it asked for at \$76,660 and \$85,060 each.

University Is Reduced.

Among the educational institutions the University of Texas was reduced from \$1,179,438 to \$862,770 for each year at the main University. A number of new positions were eliminated as well as certain expenses reduced and the \$65,000 for summer school salaries was entirely taken out. In addition \$107,221 each year for faculty additions and salary increases was likewise taken out.

For the main University, medical branch and school of mines, the board allowed \$1,173,935, for each year, which is more than was asked for in the original budget.

At the medical college, Galveston, the total is \$1,111,570, the board having eliminated \$11,209 each year for faculty additions and salary increases. That was the only change of consequence at Galveston.

College of Industrial Arts at Denton asked for \$819,650 and \$739,650, but received \$336,510 and \$495,510. Reductions were accomplished through the scaling of certain amounts, the elimination of several positions and the refusal to provide all of the new buildings asked for. The sum of \$150,000 to fireproof music hall, studios and auditorium was reduced to \$40,000, the \$200,000 each year for new fireproof dormitories was reduced to \$150,000 for one year, while \$50,000 is allowed for improving the central heating plant. The \$85,000 asked to complete the fireproof gymnasium is stricken out.

Sam Houston Normal, Huntsville, is allowed \$349,390 and \$180,130, respectively, which are material reductions. It is allowed but one new building, a girl's dormitory, to cost \$150,000.

Southwest Texas Normal, San Marcos, gets \$344,525 and \$255,670, respectively, which are reductions to some extent. It is to have an addition to the manual arts building to cost \$75,000 and \$150,000 for a new dormitory.

Normal Gets \$671,000.

North Texas Normal received almost what it asked for the totals being \$440,825 and \$230,175. Its only new building is to be a dormitory with dining hall equipment to cost \$200,000.

West Texas Normal, Canyon, had practically all of its new buildings eliminated with 100 per cent reductions and totals of \$188,816 and \$245,250.

East Texas Normal, Commerce, is recommended for \$306,445 and \$161,330, the aggregate of which constitutes a material reduction, the board having stricken out \$315,000 for an educational building and various amounts for other improvements. It was allowed \$125,000 to remodel the science building for use as an educational building.

Sul Ross Normal, Alpine, is given \$205,240 and \$74,840, the board having refused the request for the new buildings.

Texas school for the Deaf, Austin, experienced some material reductions and its totals were fixed at \$245,055 and \$194,755. It is allowed but one new building, being for laundry purposes and with equipment to cost \$50,000.

Texas School for the Blind, Austin, met some reductions and its totals are \$156,756 and \$124,715 for the two years. Its only new large building is for industrial instruction to cost \$25,000.

TRADE WITH GERMANY INCREASED IN 1920

Washington, Feb. 2.—American trade with Germany for 1920 totalled \$400,300,000 compared with \$103,300,000 in 1919 according to the Department of Commerce in a review today.

GENERAL PERSHING FAVORS BIG ARMY AND NAVY PROGRAM

(By Associated Press)
Washington, Feb. 2.—Warning against Pacific unpreparedness given House by Naval Committee today. General Pershing, who appeared, discussed the world disarmament. While expressing approval of the proposal of world disarmament conference, the former commander of A. E. F., said the United States should proceed with the present navy and army program until a different agreement was reached at least by the five great powers.

LIQUOR IN BONDED WAREHOUSES TO BE RELEASED AT ONCE

(By Associated Press)
Washington, Feb. 2.—Authority of government to issue permits of withdrawal of liquor in bonded warehouses was limited to manufacturers and wholesale druggists was ruling Attorney General announced today. Issuance of permits of disposition by the wholesale was also limited to manufacturers and of wholesale druggists ruled.

PRES.-ELECT HARDING FOR VOLUNTARY MILITARY TRAINING

(By Associated Press)
Washington, Feb. 2.—President-elect Harding favors legislation providing for voluntary military training up to 150,000 men annually, according to Chairman Kahn of the House Military Committee in a speech launching the fight to prevent reduction.

MRS. HARDING SELECTS WHITE HOUSE APPAREL

(By Associated Press)
New York, Feb. 2.—The wife of the President-elect began selecting yesterday the contents of her White House clothes cabinet. Mrs. Harding did not go shopping, but conducted a hotel suite campaign for clothes. Fifth avenue's modistes, tailors, furriers and jewelers went to her rooms at the Ritz-Carlton, where she spent nearly eight hours inspecting their offerings. Scores of fabrics, gowns, hats and a few models were taken to her suite, but the crowd that momentarily expected the future first lady of the land to appear for an automobile ride or shopping tour waited in vain. She granted admittance only to a large group of photographers, and reporters, and those who sought to have their goods chosen for the White House wardrobe.

Style dictators, pondering over the impressions they received, predicted that the laws of fashion will be blue after March 4. This is the favorite color of Mrs. Harding. She selected a tea gown and evening gown of blue today and this taste was reflected in her choice of gems.

Mrs. Harding made it clear that there will be no foreign frills in her wardrobe. "I'm 100 per cent American," she told a reporter who inquired about her choice in clothes. Her jewels also are "all American," the favorite being Colonial types, such as cameo worn on black velvet bands for neck and wrist.

TARIFF BILL FAILED ON REQUIRED VOTE

(By Associated Press)
Washington, Feb. 2.—Republican attempts to force closure consideration on the emergency tariff bill was defeated today in the Senate by vote of thirty-six for adoption and thirty-five against, far less the necessary two-thirds majority.

BILL AFFECTING TAX PENALTIES WILL NOT BE EFFECTIVE UNTIL NINETY DAYS

(By Associated Press)
Austin, Texas, Feb. 2.—The bill recently passed by the legislature and signed by Governor Neff postponing publication of delinquent tax lists until October 1921, and reducing penalty of failure to pay 1920 taxes from ten to five per cent will not affect the penalty for failure to pay 1920 taxes due February 1, 1921, according to ruling of attorney general. The bill was not passed by a necessary two-thirds majority to make it effective by being signed by the Governor and therefore is not in effect until ninety days after adjournment, until that time penalty of non-payment of 1920 taxes will be ten per cent, says the opinion.

BILL CREATING RELIEF COMMISSIONER.

(By Associated Press)
Austin, Feb. 2.—At the request of the American Legion Senator Rogers of Collins introduced three bills in the Senate today, one declaring November 11th Victory Day, another establishing a fund for the relief of orphans and widows of the World War, and creating the office of relief commissioner, third providing that only citizens of United States be allowed to vote. The Senate committee on civil jurisprudence reported favorable on the McNealus bill seeking to limit the liability of hotel keepers.

BRYAN HIGH HALTS WINNING STREAK OF BAPTIST ACADEMY

Although the San Marcos Baptist Academy basketball team was able to wade through Allen Academy for two games, Bryan High School last night put a stop to their winning proclivities here, taking the long end of a 20 to 10 score in a game at A. & M. college gymnasium. The first half was Bryan from the first whistle, the score being 13 to 2 at the end, but in the second half the Academy team came back a little stronger and ran up a few points though not enough to put the result in doubt at any stage of the game.

Captain Milton Dansby of the high school eleven was out of the lineup last night and Coach Hudson announced today that he probably will play no more this season, due to the troublesome effects of an old injury received on the gridiron last season. Dansby has expressed a desire to take it easy so he can come around to his old good shape in time for football next season.

The lineup last night was as follows:

Bryan	Academy
S. Pate	Seymour
N. Dansby	Young
Kelly	Chumney
Turner	Calvert
Wilcox	Dawson

Substitutes: Bryan — A. Pate.

Crawford and Betha.

Bryan High's next game will be Friday night at Tabor when they play the high school quintet of that community in one of the elimination games which will decide county championships.

ENERGETIC PROTEST AGAINST PROPOSED OIL TAX IS FILED

(By Associated Press)
Mexico City, Feb. 2.—Formal objections to the governments projected law providing for payment of oil taxes was presented to Adolfo De La Huerta, secretary of the treasury, by a committee representing the association of producers of petroleum in Mexico. Members of the committee asserted it is the most energetic protest yet made to the government by the association. The memorandum contained charges of subterfuge and the declaration that companies exporting petroleum were subject to maneuvers which can be arbitrary on the part of officials or employees of the secretary of finance.

RESUME DISMANTLING OF B. & C-T- PROPERTY

Purchasers of the Bryan & Central Texas Railway today are obtaining crews preparatory to tearing up the tracks and junking the property. This work was stopped by a court injunction some week ago, but since that time back taxes have been paid and the work is to proceed. Some of this material has been sold to the Wichita Falls & Northwestern Railway to construct trackage into the new Texas oil fields. J. L. Carson of Bryan is the construction engineer in charge.

GOVERNMENT SUES FOR CROWN JEWELS

Vienna, Feb. 2.—The National Assembly today directed the government to begin proceedings to obtain a legal title to the possession of the crown jewels which former Emperor Charles sent out of the country before leaving. Emperor Charles refuses to acknowledge the Republic's right to the jewels which include the famous Florentine diamond awarded Italy under the treaty peace deliver, which Italy is demanding.

WEST TEXAS A. & M. FUROR SETTLED BY SUBSTITUTE BILL

Austin, Texas, Feb. 2.—All parties at interest have agreed on the bill to establish the West Texas Agricultural and Military College and the bill is to be offered in committee as a substitute for the measure originally presented and to which there has been more or less objection. The agreed bill was drawn by the West Texas members of the legislature who compose the steering committee for that section of Texas and has the sanction of the A. & M. College authorities. This fact became known today when Dr. W. B. Bizzell, president of the College, and six members of the directors met in Austin. They opposed the previous propositions, but now with their approval the agreed bill is expected to have comparatively easy sailing in the legislature.

DIRECTOR PROVISION WAIVED.

One important change in the new bill is the entire elimination of the provision requiring the Governor to appoint four of the nine directors of the A. & M. College from the section west of the 98th meridian. This was objectionable to the A. & M. College and, with it withdrawn, the Governor will, as in the past, select the directors as he pleases. With the establishment of the branch in West Texas, the West Texans believe the Governor will give that part of the state adequate representation on the board of directors.

No appropriation for buildings is made. That is left to the next legislature. A total of \$51,500 is carried in the bill. Of that amount, \$50,000 is to be used for buying land for the college site and \$1,500 for expenses for the locating commission. Right of condemnation is bestowed.

At the outset, the new institution is named as a branch of the A. & M. College and is to be located west of the 98th meridian and north of the 30th parallel and is to be "for white male students." The location is to be accomplished by a commission composed of the Governor, Lieutenant Governor, Speaker of the House, Attorney General and Commissioner of Agriculture. If any are unable to serve the Governor is empowered to fill the vacancies. They are to receive no compensation, but their expenses while at work are to be paid by the state.

TO SELECT 640-ACRE TRACT.

In making the location the commission is required to select a site of not less than 640 acres situated in one body and it is provided that the commission is not to be influenced by gifts or donations. However, it is easily anticipated that the site will be donated wherever the college is located.

Agriculture is to be taught, also military tactics including training in cavalry. Electrical and mechanical engineering are not to be included in the curriculum, except in preparatory courses. The board of directors of the A. & M. College is given full power to prescribe all courses at the branch school as well as entire control over its operation.

A plea for the establishment of the college is contained in the emergency clause of the bill which, in its justification for rule suspension, says "the importance of the early establishment of an agricultural and military college in the semi-arid region of West Texas, owing to the lack of higher educational facilities for young men in that portion of Texas, and the diversity of soil and climate which requires special study, experiment and special instruction which can not be provided by the existing A. & M. College at Bryan, as well as the great distance and expense of travel necessary for students from West Texas to receive instruction at the A. & M. College at Bryan, rendering it impossible for many deserving young boys of West Texas to have the benefit of the excellent instruction offered there, creates the emergency for the passage of the bill."

PASSAGE OF BILL EXPECTED.

It was learned yesterday that one of the major recommendations made by Governor Neff in his message calling for departmental abolition and consolidation is about to be consummated by agreement, insuring the passage of the bill through the legislature without contest. It is for the division of work in the State Department of Agriculture and transferring certain parts of it to the A. & M. College.

Dr. W. B. Bizzell, president of the college, and George B. Terrell, Commissioner of Agriculture, have reached an agreement and approved a bill carrying the Governor's recommendations into effect. It is, therefore, expected to receive the Governor's approval.

According to the agreement reached, all of the research and investigation work now being carried on by the Department of Agriculture is to be transferred to the A. & M. College and conducted by that institution. All of the administrative and regulatory work is to be in the hands of the Department of Agriculture. That part now being done at the A. & M. College is to come to Austin and become part of the duties of the State Department of Agriculture.

BOTH GAIN AND LOOSE.

When the transfers are made the Department of Agriculture will lose some of its force and it will gain some by the surrender of administrative work now at College Station. The college, through the same process, will gain and lose employees.

In furtherance of the agreement Commissioner Terrell today addressed a circular letter to the legislature recommending the consolidation of the Warehouse and Marketing Department with the Department of Agriculture and allow transferring the Feed and Fertilizer Control and the Forestry and Fowl Brood Supervision to the Department of Agriculture and the farmers' institute work to the A. & M. College.

By making the foregoing transfers Mr. Terrell argues in his letter that duplication of work will be eliminated and much money saved the state. He says he stands ready "without authority of law" to stop expensive duplication by his department and offers full co-operation to that end. He avers there is a clear distinction between the work of the several departments and institutions and that he is in favor of each doing what it was created to do and thereby end expensive overlapping.

JUDGE LANDIS OPENS HIS HEADQUARTERS EIGHT PARTIES NOW IN TRIEST POLITICS

(By Associated Press)
Chicago, Feb. 2.—Headquarters of Judge K. M. Landis, high commissioner of baseball, were opened in a suite of rooms in a Michigan avenue building today. He expects to be ready to transact business there soon. He will announce the selection of a secretary in two or three weeks.

Miss Katherine O'Connell has returned to Palestine after a delightful visit with Mrs. I. C. Warren at the Edge Apartments.

Trieste, Feb. 2.—A bitter political struggle is developing in Fiume, eight parties having entered the field of constitutional assembly elections which are to be held the middle of March.

Mrs. Harriet Marks of Dallas, representing a lyceum course is in Bryan and appeared before the Woman's Club this afternoon. Mrs. Marks visited the Campus Study Club at College yesterday, and booked for the lyceum course of nine attractions to begin at once.

A. & M. REQUESTS ARE REDUCED MATERIALLY

Austin, Texas, Feb. 2.—When the State Board of Control cut the appropriation estimates from \$39,903,342 to \$25,456,586 for the two ensuing fiscal years and thereby lopped off \$14,446,756 it eliminated numerous items from the departmental, eleemosynary and educational bills. They felt the brunt of the pruning knife while the judiciary bill got by with but small reductions and it has already passed the House. The judiciary bill consists almost entirely of the salaries of the various court judges and attorneys and fees paid in law enforcement. It is not difficult to arrive at the exact amount needed for the judiciary, and not so with the other bills.

New clerks and salary raises are asked by numerous departments, as well as new furnishings. Much of that has been eliminated. Heads of the eleemosynary and educational institutions asked for many appropriations for new buildings and other permanent improvements as well as additional employees and salary advances. It is in those items that the bills got their largest trimming.

Taking up the departmental bill it is noticed that the Pardon Board of Advisers had asked for \$9,650 each year and was awarded \$8,100 for each annual period. None of it will be used since the Governor has abolished it. The Board of Control made no change in the requisition of \$36,586 each year for the Governor's office and mansion grounds.

Elimination of one clerk and traveling expenses of the state is responsible for a deduction of \$2,750 from the \$33,720 asked for each year by the Department of State.

Agricultural and Mechanical College proper was given \$845,584 and \$1,089,480, respectively, both of which were material reductions. Several items of repairs were eliminated, also \$250,000 for an armory and gymnasium, \$50,000 for a central gas plant and \$30,000 for an apartment building for instructors. The College was allowed \$75,000 for dining hall addition and repairs, \$150,000 for a library building, \$125,000 for a dormitory, \$15,000 for housing dining-room help, \$30,000 to repair and extend textile engineering building and \$15,000 for the repairing and remodeling of the agricultural building. Main and all subexperimental stations were given a total of \$189,775 and \$191,765 in reductions from requests of \$425,000 for each year. The extension service got what it asked for at \$215,817 and \$245,792 for the two years. State forestry is given \$19,750 each year, when it asked for \$50,000 each year.

Prairie View Normal for negroes is awarded \$188,410 and \$234,010, with only one new building of consequence, being wings to the administration and academic building to cost \$60,000. The sum of \$15,000 is allowed for an addition to the mechanical building.

John Tarleton Agricultural College, Stephenville, is given \$296,280 and \$222,780, which is a material reduction, several buildings having been refused. The sum of \$125,000 is allowed for a boys' dormitory and equipment and \$75,000 for a manual arts building and equipment.

Grubbs' Vocational College, Arlington, met a 100 per cent reduction the first year and a 50 per cent reduction the second year, the totals being \$141,355 and \$242,310, respectively. A number of improvements and new buildings were denied the college, while \$20,000 was allowed for the purchase of additional ground the first year and \$20,000 for the same purpose the second year, also \$100,000 for a new dormitory and furnishings.

Reduction of salaries and lopping off \$60,000 for support and maintenance of the National Guard made a total of \$64,280 difference between the amount asked and the amount recommended for the Adjutant General's Department. The Board of Control's estimates for its own department, \$197,830 is unchanged.

The Attorney General's Department has its askings of \$90,620 cut \$10,000 by eliminating additional stenographers and special agents and holding down the salary of the chief clerk.

The State Treasury Department had its estimate of \$52,800 for the first year sliced in half by small reductions all down the line of items listed. No substantial change is recommended for the second year.

Through reductions of salaries and limiting the apportionment for printed blanks, an average cut of approximately \$40,000 is made in the requests of the Department of Education, which were \$317,600 for the first year and \$333,165 for the second year. State Tax Board estimates are cut \$3,000 for each year.

Banking Requests Lopped.
The State Department of Insurance and Banking had its requests of \$250,490 and \$259,240 trimmed by \$70,770 and \$74,770, respectively. This was effected principally through reduction in the allowances for traveling expenses of examiners and salaries of employees.

Elimination of certain clerks, reduction of salaries and shifts in functions of employees made differences of \$24,000 and \$22,000 in the totals asked by the Comptroller's Department, which were \$133,570 and \$130,576, respectively, for each year. The askings of the State Board of Health, totalling \$281,350 for each year, are cut nearly in half by the Board of Control recommendations. Pruning of appropriations for ten new county health departments, five such departments already established and elimination of a number of assistants and employees received the brunt of the slash. The difference between the amounts asked and the amount recommended for each year is \$140,330.

Survey Fund Eliminated.
In the State Reclamation Department \$25,000 each year for the Red River survey was eliminated and the request of \$40,000 each year for various surveys was eliminated and the request of \$40,000 each year for various maps and surveys was reduced to \$20,000. One of the largest reductions was in the requisition of the Agricultural Department, which totaled \$822,000 each year and the board allowed \$139,000 each year.

Among the items eliminated was year to \$576,280 and second year from \$558,560 to \$427,780. Maintenance allowance was cut from \$300,000 to \$225,000 each year.

North Texas Asylum, Terrell, had but few changes, and the total was \$456,650 each year. Its maintenance appropriation was treated exactly like that of San Antonio.

State Insane Asylum at Rusk was somewhat reduced, the totals being \$315,210 and \$241,010, respectively.

State Epileptic Colony, Abilene, was given \$246,620 and \$169,870, for the two years, the board having eliminated some of the requests and reduced others. However, \$60,000 was allowed the first year for an employees' home and storeroom.

Orphan's Get \$42,536.
State Orphan's Home, Corsicana, was allowed \$234,565 and \$177,965, respectively, while the Juvenile Training school Gainesville, Texas was given \$275,440 and \$281,440. It was allowed \$90,000 the second year for a new dormitory and \$70,000 the first year for the same purpose. The Girls' Training school, Gatesville, drew totals of \$62,310 and \$58,360 which was a cut of approximately 50 per cent State Colony for Feeble Minded at Austin had several buildings eliminated and its estimate cut fully 50 per cent, having been allowed \$157,760 and \$173,460 for the two years.

State Tuberculosis Sanitarium, located at Carlsbad, received \$217,120 and \$314,120, the only new buildings allowed being \$80,000 for a dormitory for males and \$25,000 for females' dormitory. Hospital for Crippled children, Galveston, was slightly cut and given \$9,400 each year.

Negro, Deaf, Dumb and Blind Institute, Austin, received about what it asked for at \$76,660 and \$85,060 each.

University Is Reduced.
Among the educational institutions the University of Texas was reduced from \$1,179,438 to \$862,770 for each year at the main University. A number of new positions were eliminated as well as certain expenses reduced and the \$65,000 for summer school salaries was entirely taken out. In addition \$107,221 each year for faculty additions and salary increases was likewise taken out.

For the main University, medical branch and school of mines, the board allowed \$1,173,985 for each year, which is more than was asked for in the original budget.

At the medical college, Galveston, the total is \$111,570, the board having eliminated \$11,209 each year for faculty additions and salary increases. That was the only change of consequence at Galveston.

College of Industrial Arts at Denton asked for \$819,650 and \$739,650, but received \$336,510 and \$493,510. Reductions were accomplished through the scaling of certain amounts, the elimination of several positions and the refusal to provide all of the new buildings asked for. The sum of \$150,000 to fireproof music hall, studios and auditorium was reduced to \$40,000, the \$200,000 each year for new fireproof dormitories was reduced to \$150,000 for one year, while \$50,000 is allowed for improving the central heating plant. The \$85,000 asked to complete the fireproof gymnasium is stricken out.

Sam Houston Normal, Huntsville, is allowed \$349,390 and \$180,130, respectively, which are material reductions. It is allowed but one new building, a girl's dormitory, to cost \$150,000.

Southwest Texas Normal, San Marcos, gets \$344,525 and \$255,670, respectively, which are reductions to some extent. It is to have an addition to the manual arts building to cost \$75,000 and \$150,000 for a new dormitory.

Normal Gets \$671,000.
North Texas Normal received almost what it asked for the totals being \$440,825 and \$230,175. Its only new building is to be a dormitory with dining hall equipment to cost \$200,000.

West Texas Normal, Canyon, had practically all of its new buildings eliminated with 100 per cent reductions and totals of \$188,816 and \$245,250.

East Texas Normal, Commerce, is recommended for \$306,445 and \$161,330, the aggregate of which constitutes a material reduction, the board having stricken out \$315,000 for an educational building and various amounts for other improvements. It was allowed \$125,000 to remodel the science building for use as an educational building.

Sul Ross Normal, Alpine, is given \$205,240 and \$74,840, the board having refused the request for the new buildings.

Texas school for the Deaf, Austin, experienced some material reductions and its totals were fixed at \$245,055 and \$194,755. It is allowed but one new building, being for laundry purposes and with equipment to cost \$50,000.

Texas School for the Blind, Austin, met some reductions and its totals are \$156,756 and \$124,715 for the two years. Its only new large building is for industrial instruction to cost \$25,000.

TRADE WITH GERMANY INCREASED IN 1920

Washington, Feb. 2.—American trade with Germany for 1920 totaled \$400,300,000 compared with \$103,300,000 in 1919 according to the Department of Commerce in a review today.

GENERAL PERSHING FAVORS BIG ARMY AND NAVY PROGRAM

(By Associated Press)
Washington, Feb. 2.—Warning against Pacific unpreparedness given House by Naval Committee today. General Pershing, who appeared, discussed the world disarmament. While expressing approval of the proposal of world disarmament conference, the former commander of A. E. F., said the United States should proceed with the present navy and army program until a different agreement was reached at least by the five great powers.

LIQUOR IN BONDED WAREHOUSES TO BE RELEASED AT ONCE

(By Associated Press)
Washington, Feb. 2.—Authority of government to issue permits of withdrawal of liquor in bonded warehouses was limited to manufacturers and wholesale druggists was ruling Attorney General announced today. Issuance of permits of disposition by the wholesale was also limited to manufacturers and of wholesale druggists ruled.

PRES.-ELECT HARDING FOR VOLUNTARY MILITARY TRAINING

(By Associated Press)
Washington, Feb. 2.—President-elect Harding favors legislation providing for voluntary military training up to 150,000 men annually, according to Chairman Kahn of the House Military Committee in a speech launching the fight to prevent reduction.

MRS. HARDING SELECTS WHITE HOUSE APPAREL

(By Associated Press)
New York, Feb. 2.—The wife of the President-elect began selecting yesterday the contents of her White House clothes cabinet. Mrs. Harding did not go shopping, but conducted a hotel suite campaign for clothes. Fifth avenue's modistes, tailleurs, furriers and jewelers went to her rooms at the Ritz-Carlton, where she spent nearly eight hours inspecting their offerings. Scores of fabrics, gowns, hats and a few models were taken to her suite, but the crowd that momentarily expected the future first lady of the land to appear for an automobile ride or shopping tour waited in vain. She granted admittance only to a large group of photographers, and reporters, and those who sought to have their goods chosen for the White House wardrobe.

Style dictators, pondering over the impressions they received, predicted that the laws of fashion will be blue after March 4. It is the favorite color of Mrs. Harding. She selected a tea gown and evening gown of blue today and this taste was reflected in her choice of gems.

Mrs. Harding made it clear that there will be no foreign frills in her wardrobe. "I'm 100 per cent American," she told a reporter who inquired about her choice in clothes. Her jewels also are "all American," the favorite being Colonial types, such as cameos worn on black velvet bands for neck and wrist.

TARIFF BILL FAILED ON REQUIRED VOTE

(By Associated Press)
Washington, Feb. 2.—Republican attempts to force cloture consideration on the emergency tariff bill was defeated today in the Senate by vote of thirty-six for adoption and thirty-five against, far less the necessary two-thirds majority.

BILL AFFECTING TAX PENALTIES WILL NOT BE EFFECTIVE UNTIL NINETY DAYS

(By Associated Press)
Austin, Texas, Feb. 2.—The bill recently passed by the legislature and signed by Governor Neff postponing publication of delinquent tax lists until October 1921, and reducing penalty of failure to pay 1920 taxes from ten to five per cent will not affect the penalty for failure to pay 1920 taxes due February 1, 1921, according to ruling of attorney general. The bill was not passed by a necessary two-thirds majority to make it effective by being signed by the Governor and therefore is not in effect until ninety days after adjournment, until that time penalty of non-payment of 1920 taxes will be ten per cent, says the opinion.

BILL CREATING RELIEF COMMISSIONER.
(By Associated Press)
Austin, Feb. 2.—At the request of the American Legion Senator Rogers of Collins introduced three bills in the Senate today, one declaring November 11th Victory Day, another establishing a fund for the relief of orphans and widows of the World War, and creating the office of relief commissioner, third providing that only citizens of United States be allowed to vote. The Senate committee on civil jurisprudence reported favorable on the McNelis bill seeking to limit the liability of hotel keepers.

BRYAN HIGH HALTS WINNING STREAK OF BAPTIST ACADEMY

Although the San Marcos Baptist Academy basketball team was able to wade through Allen Academy for two games, Bryan High School last night put a stop to their winning proclivities here, taking the long end of a 20 to 10 score in a game at A. & M. college gymnasium. The first half was Bryan from the first whistle, the score being 13 to 2 at the end, but in the second half the Academy team came back a little stronger and ran up a few points though not enough to put the result in doubt at any stage of the game.

Captain Milton Dansby of the high school eleven was out of the lineup last night and Coach Hudson announced today that he probably will play no more this season, due to the troublesome effects of an old injury received on the gridiron last season. Dansby has expressed a desire to take it easy so he can come around to his old good chape in time for football next season.

The lineup last night was as follows:
Bryan: S. Pate, rf; N. Dansby, lf; Kelly, c; Turner, rg; Wilcox, lg.
Academy: Seymour, rf; Young, lf; Chumney, c; Calvert, rg; Dawson, lg.

Substitutes: Bryan — A. Pate, Crawford and Bethea.
Bryan High's next game will be Friday night at Tabor when they play the high school quintet of that community in one of the elimination games which will decide county championship.

ENERGETIC PROTEST AGAINST PROPOSED OIL TAX IS FILED

(By Associated Press)
Mexico City, Feb. 2.—Formal objections to the governments projected law providing for payment of oil taxes was presented to Adolfo De La Huerta, secretary of the treasury, by a committee representing the association of producers of petroleum in Mexico. Members of the committee asserted it is the most energetic protest yet made to the government by the association. The memorandum contained charges of subterfuge and the declaration that companies exporting petroleum were subject to mancoeuvers which can be arbitrary on the part of officials or employees of the secretary of finance.

RESUME DISMANTLING OF B. & C-T- PROPERTY

Purchasers of the Bryan & Central Texas Railway today are obtaining crews preparatory to tearing up the tracks and junking the property. This work was stopped by a court injunction some week ago, but since that time back taxes have been paid and the work is to proceed. Some of this material has been sold to the Wichita Falls & Northwestern Railway to construct trackage into the new Texas oil fields. J. M. Carson of Bryan is the construction engineer in charge.

GOVERNMENT SUES FOR CROWN JEWELS

Vienna, Feb. 2.—The National Assembly today directed the government to begin proceedings to obtain a legal title to the possession of the crown jewels which former Emperor Charles sent out of the country before leaving. Emperor Charles refused to acknowledge the Republic's right to the jewels which include the famous Florentine diamond awarded Italy under the treaty peace deliver, which Italy is demanding.

WEST TEXAS A. & M. FUROR SETTLED BY SUBSTITUTE BILL

Austin, Texas, Feb. 2.—All parties at interest have agreed on the bill to establish the West Texas Agricultural and Military College and the bill is to be offered in committee as a substitute for the measure originally presented and to which there has been more or less objection. The agreed bill was drawn by the West Texas members of the legislature who compose the steering committee for that section of Texas and has the sanction of the A. & M. College authorities. This fact became known today when Dr. W. B. Bizzell, president of the College, and six members of the directors met in Austin. They opposed the previous propositions, but now with their approval the agreed bill is expected to have comparatively easy sailing in the legislature.

DIRECTOR PROVISION WAIVED.
One important change in the new bill is the entire elimination of the provision requiring the Governor to appoint four of the nine directors of the A. & M. College from the section west of the 98th meridian. This was objectionable to the A. & M. College and, with it withdrawn, the Governor will, as in the past, select the directors as he pleases. With the establishment of the branch in West Texas, the West Texans believe the Governor will give that part of the state adequate representation on the board of directors.

No appropriation for buildings is made. That is left to the next legislature. A total of \$51,500 is carried in the bill. Of that amount, \$50,000 is to be used for buying land for the college site and \$1,500 for expenses for the locating commission. Right of condemnation is bestowed.

At the outset, the new institution is named as a branch of the A. & M. College and is to be located west of the 98th meridian and north of the 30th parallel and is to be "for white male students." The location is to be accomplished by a commission composed of the Governor, Lieutenant Governor, Speaker of the House, Attorney General and Commissioner of Agriculture. If any are unable to serve the Governor is empowered to fill the vacancies. They are to receive no compensation, but their expenses while at work are to be paid by the state.

TO SELECT 640-ACRE TRACT.
In making the location the commission is required to select a site of not less than 640 acres situated in one body and it is provided that the commission is not to be influenced by gifts or donations. However, it is easily anticipated that the site will be donated wherever the college is located.

Agriculture is to be taught, also military tactics including training in cavalry. Electrical and mechanical engineering are not to be included in the curriculum, except in preparatory courses. The board of directors of the A. & M. College is given full power to prescribe all courses at the branch school as well as entire control over its operation.

A plea for the establishment of the college is contained in the emergency clause of the bill which, in its justification for rule suspension, says "the importance of the early establishment of an agricultural and military college in the semi-arid region of West Texas, owing to the lack of higher educational facilities for young men in that portion of Texas, and the diversity of soil and climate which requires special study, experiment and special instruction which can not be provided by the existing A. & M. College at Bryan, as well as the great distance and expense of travel necessary for students from West Texas to receive instruction at the A. & M. College at Bryan, rendering it impossible for many deserving young boys of West Texas to have the benefit of the excellent instruction offered there, creates the emergency for the passage of the bill."

PASSAGE OF BILL EXPECTED.
It was learned yesterday that one of the major recommendations made by Governor Neff in his message calling for departmental abolition and consolidation is about to be consummated by agreement, insuring the passage of the bill through the legislature without contest. It is for the division of work in the State Department of Agriculture and transferring certain parts of it to the A. & M. College.

Dr. W. B. Bizzell, president of the college, and George B. Terrell, Commissioner of Agriculture, have reached an agreement and approved a bill carrying the Governor's recommendations into effect. It is, therefore, expected to receive the Governor's approval.

According to the agreement reached, all of the research and investigation work now being carried on by the Department of Agriculture is to be transferred to the A. & M. College and conducted by that institution. All of the administrative and regulatory work is to be in the hands of the Department of Agriculture. That part now being done at the A. & M. College is to come to Austin and become part of the duties of the State Department of Agriculture.

BOTH GAIN AND LOOSE.
When the transfers are made the Department of Agriculture will lose some of its force and it will gain some by the surrender of administrative work now at College Station. The college, through the same process, will gain and lose employees.

In furtherance of the agreement Commissioner Terrell today addressed a circular letter to the legislature recommending the consolidation of the Warehouse and Marketing Department with the Department of Agriculture and allow transferring the Feed and Fertilizer Control and the Forestry and Fowl Brood Supervision to the Department of Agriculture and the farmers' institute work to the A. & M. College.

By making the foregoing transfers Mr. Terrell argues in his letter that duplication of work will be eliminated and much money saved the state. He says he stands ready "without authority of law" to stop expensive duplication by his department and offers full co-operation to that end. He avers there is a clear distinction between the work of the several departments and institutions and that he is in favor of each doing what it was created to do and thereby end expensive overlapping.

JUDGE LANDIS OPENS HIS HEADQUARTERS EIGHT PARTIES NOW IN TRIEST POLITICS

(By Associated Press)
Chicago, Feb. 2.—Headquarters of Judge K. M. Landis, high commissioner of baseball, were opened in a suite of rooms in a Michigan avenue building today. He expects to be ready to transact business there soon. He will announce the selection of a secretary in two or three weeks.

Miss Katherine O'Connell has returned to Palestine after a delightful visit with Mrs. I. C. Warren at the Edge Apartments.

Trieste, Feb. 2.—A bitter political struggle is developing in Fiume, eight parties having entered the field of constitutional assembly elections which are to be held the middle of March.

Mrs. Harriet Marks of Dallas, representing a lyceum course is in Bryan and appeared before the Woman's Club this afternoon. Mrs. Marks visited the Campus Study Club at College yesterday, and booked for the College, through that club a brilliant lyceum course of nine attractions to begin at once.

BRYAN WEEKLY EAGLE

Printed every afternoon except Sunday by the Eagle Printing Company, Bryan, Texas.

Entered at the postoffice at Bryan, Texas, April 28, 1911, as second class matter under act of Congress March 3, 1879.

LEE J. ROUNTREE, Managing Editor

WEEKLY EAGLE—In Brazos County: \$1.50 per year; six months, \$1.00. Published Thursdays.
WEEKLY EAGLE—Outside of Texas: \$2.00 per year; \$1.25 for six months.

MEMBER OF THE ASSOCIATED PRESS

It is nearly time for everybody to quit squabbling and go to work in earnest. We need more homes and improvements and so many blue sky propositions and so much destructive propaganda. Go to work.

Austin people were warned to look out after their valuables during the inauguration of Pat Neff. And now that he is governor, we might warn unnecessary chair warmers to look out after their jobs.—Waco News-Tribune.

The Houston Post says: "San Antonio is probably 5000 ahead of Houston in poll tax payments, but that is because the people love to vote more than ours do. Census or no census, Houston has more people than San Antonio, more flowers, more money, fewer mosquitoes, fewer bandits, and greater hopes of salvation." San Antonio and Houston both have more people out of work than they have any idea of and the United States ought to be cleaned out.

The Waco-News Tribune says: "Now let the country get busy and help to cut down the numerical strength of the army of unemployed." One of the main troubles is that several million people in the United States are doing the immaterial things adding to expenses and high costs and not producing anything of value. Hence there are high prices, unemployment and inefficiency in many lines. But there seems at present no reform, sooner or later we will understand our duties better and do better.

Dallas has the finest jail in the world. A reception recently held in the parlors of the jail by the seventeen women inmates is said to have rivaled in costumes and flowers some of the drawing rooms in New York. The women are held on charges of highway robbery, husband shooting, bootlegging, vagrancy and other charges. It is said that the demand for rooms in the jail by many people who are not working every night is very heavy. The jail-bird in Dallas nearly always wants to come back home.

The Examiner-Review herewith makes a prediction with regard to the roads of the south end of the county. Not more than a month will ensue until a noticeable difference will be plain to everybody. And the King's Trail, the road which is entitled alone to receive one-half of the automobile tax paid into the county, will show a vast improvement from the north to the south line of the county. There is no reason why the money available for some time has not been spent on this road, if we are correctly informed. The King's Trail has been permitted to go to pieces, almost, in sections, and this should not be where money to keep it in repair is available. Commissioner Barry is in hearty sympathy with the idea of good roads. And he means good roads, not roads partially maintained.—Nasasota Examiner-Review.

BE GAME, OLD FELLOW.

(Waco News-Tribune.)

Another Texas man is suffering from a smashed heart; he declared that a woman put his pulsating organ out of tune and he wants the gay deceiver to pay damages as a consequence. The neat little sum of \$25,000 is named as compensation for the disabling wounds received on the battlefield of courtship.

It seems to us that the sum asked is entirely too much. No woman, not even a grass-widow, can have \$25,000 worth of fun fooling a man. One must take into consideration the fact that it takes up the jilted's time as well as the jilted's. We believe that any man who is led on by the winsome smiles and encouraging words of a woman and made to think that she is going to eventually become his manager, is entitled to recover damages. Every package of chewing gum, each dish of ice cream and all the extra shaves that he has taken while engaged in the unsuccessful pursuit, should be paid for by the woman if she decides to call off the bet. But no woman ever stopped talking long enough to chew up \$25,000 worth of gum in one courtship, even if you include the cold drink stand bills and jitney fares.

Why not be game, old fellow, and just make out an itemized account covering the real expenses, which we are sure cannot amount to more than \$250? Then we believe that it would be perfectly legitimate and just to add 10 per cent of this sum, as punitive damages, or for "liniment" to soothe the hurts of the heart.

TEXAS NEEDS A CONSTITUTION.

(Houston Chronicle.)

The present constitution of Texas was adopted nearly 50 years ago. Conditions were very different at that time from what they are now. Railroad development was still in its infancy, big business had not made its debut, the idea of reformation had not become a factor in the penal system, there were no large cities in the state, etc., etc.

Most of the states have found it necessary to make radical revisions of their constitutions, and many have adopted wholly new ones, within the last half a century. Texas has acquired some prominence by standing so

constitution has been emphasized by the frequency with which amendments have been proposed.

Generally speaking, amendments have failed of adoption, but this has been due in some measure to an ever increasing opinion that it would be better to have a new constitution than tinker with an old one. There are not a few people who favor a general revision, but hesitate to vote detailed changes.

So long as the present constitution remains, however, there will be a constant, and, probably, a growing demand for alterations, which means agitation, campaign, special elections and useless expense. There has not been an election for some time which did not include one or more constitutional amendments, and not withstanding the fact that these amendments have generally met defeat, they continue to be submitted.

The Chronicle feels that the legislature could render the people of this state no greater service, assuming

The Chronicle feels that the legislature could render the people of this state no greater service assuming that it is empowered to do so, than by calling a constitutional convention to be held some time in the near future.

The Chronicle feels that a majority of the people of this state are favorably inclined toward redrafting its constitution, and that a redraft would meet with their approval, provided it were in line with what has been demonstrated as practical during the last 50 years and did not lean too strongly toward innovation and experiment.

AFRAID OF THE PEOPLE ON A NEW TEXAS CONSTITUTION

(By C. W. Wade, Houston Chronicle Staff Correspondent.)

Austin, Texas, Feb. 1.—Summed up frankly, many members of the house of representatives have no great amount of confidence in the ability of the people to govern themselves wisely. This was brought out by the debate on the resolution to call a convention to rewrite the constitution of Texas. The resolution is H. C. No. 12 offered by Rountree, of Brazos and Satterwhite, of Carson.

When the charge was made on the floor that such was the motive actuating opposition to the resolution, it was denied for obvious reasons. No member wants his constituents to read in the newspapers that he holds such opinion of them. But several of the leading members of the house admitted privately that such was their reason for opposing the resolution. On a test vote taken just before adjournment yesterday afternoon to strike out the enacting clause (to kill the resolution), the motion lost by a vote of 62 to 57, leaving the resolution still on the calendar of the house, after having been debated all day yesterday.

There is no doubt but a clear majority of the members of the house want to see the constitution rewritten. During the last eight or 10 years an increasing number of constitutional amendments are submitted by each succeeding legislature, and the elections on any two of these cost enough to pay for a convention. The present constitution was written 1876.

"I will be perfectly frank," said one member to the Chronicle correspondent. "If an election is held to select delegates to a constitutional convention the people will pay but little attention to the election or selection of delegates. As a result the corporations will elect the men who will write the new constitution. It may be that after this readjustment is over and things are normal we might have a convention, but I am opposed to it now. The people do not take any interest in elections on constitutional amendments, so we could not expect them to be interested in the selection of delegates. I am heartily in favor of writing the constitution, but frankly, I am afraid to trust the people to select the men who will rewrite it."

One member declared he was afraid for the people to elect delegates to the convention and then if they did that the people might adopt a bad constitution. There are now about fifty propositions pending in the legislature to amend the constitution and upon motion of Davis of Dallas, chairman of constitutional amendments.

TABOR NEWS.

Tabor, Tex. Feb. 1.—Prof. J. L. Cobb has been sick for the past week. We hope he will soon recover and be able to resume his school work.

Mr. and Mrs. Cliff Martin and children of Bryan spent Sunday with Mr. and Mrs. J. L. Sample.

Mr. and Mrs. J. B. Priddy of Bryan visited Mr. and Mrs. J. W. Harris Sunday afternoon.

Miss Onah Shaw has resigned her position as assistant teacher at Alexander. Miss Risinger has been chosen to fill the vacancy.

The Young People's Union which has been organized at Cottonwood, meets every Sunday night at seven thirty o'clock. Everyone is cordially invited to come and take part.

On Saturday night, Misses Ella and Hettie Francis delightfully entertained the girls of the domestic science class and an equal number of young men with a party. The chief diversion of the evening was a tongue dance or conversation party. At a later hour the guests were served sandwiches, cake and hot chocolate.

The domestic science club will meet Friday night with its new officers presiding. The schools will furnish the program for the evening. The club is planning a big entertainment in the form of a supper and other amusements which will be given Saturday night, February 12th, as a means of raising money to pay for the lights.

PASTORS ASSOCIATION ENDORSES DRIVE TO AID STARVING CHINA

Fifteen million of our fellow-men in China are facing immediate death by starvation because of the terrible famine. Millions more are undergoing the greatest imaginable sufferings. While families are committing suicide rather than meet death by the agonies of starvation. Such suffering would touch a heart of adamant, surely it will make a mighty appeal to every Christian heart. We must do something and do it quickly. They are our brothers.

So tragic and urgent is the situation President Wilson has issued an appeal to all the churches of America asking them to take a collection for these famine sufferers on Sunday, February 6. This appeal has been endorsed by the Pastors' Association and on next Sunday every man, woman and child in Bryan will have the opportunity of doing their part towards alleviating the sufferings of these unfortunate people. Donations will be received at the Eagle for the convenience of those who want to contribute.

PROF. D. SCOTATES TO ADDRESS NATIONAL TRACTOR SHOW

College Station, Texas, Feb. 1.—Prof. D. Scotates, head of the department of Agricultural Engineering, A. & M. College of Texas has accepted an invitation to address the Sixth National Tractor Show and Educational Exposition which will be held at Columbus, Ohio, February 7 to 12 inclusive. A copy of the program received here contains a list of lectures on power farming subjects by many of the best known agricultural engineers of the world. Prof. Scotates will speak in Columbus on February 7 and will leave immediately for Manhattan, Kansas, where he will in the same week lecture on agricultural engineering before the general assembly of engineers and farmers attending Farm and Home Week at the Kansas State Agricultural College.

POST IN PHILIPPINES DECLINED BY WOOD

(By Associated Press)

Washington, Feb. 31.—The post of Governor General of the Philippines has been offered to General Wood by President-Elect Harding and declined, according to information coming from some of General Wood's close friends. It is said to have been reported at the time that General Wood's success in Cuba made him the best available man to govern the Philippines and to work out the problems incident to independence, in event that course is adopted by the new Congress.

There has been an insistent demand from some sections of the country, particularly in the East, for appointment of General Wood as a member of the cabinet, as a mark of recognition for the Progressive element of the party. At the outset the gossip began associating the Major General's name with the war portfolio, and was only stopped by the announcement of the President-elect that he thought the secretary of war ought to be a man in civil life, but who had military experience. It has been pointed out that the large majority received by Senator Harding last November was not a Republican majority, but rather made up of elements in protest, and that, sooner or later, it would begin to disintegrate. At that juncture, it is being ventured, the new administration will need all the support that it can obtain, and that including General Wood in the official family would tend to solidify the Republican elements. Whether friends of General Wood hold hope for the political future is not developed. When pressed for a reason why the Philippine post was not acceptable, they replied that "it is too far away."

AUTO MAKES FARMS ONE-EIGHTH NEARER TO CITIES, IS CLAIM

(By Associated Press)

Chicago, Feb. 1.—Every farmer's house and every cross-roads general store and postoffice in the state is today only about one-eighth as far from the great city as it was twenty or twenty-five years ago, says the Journal of Criminal and Crimology Law. That is, the rural postoffice that so long ago was forty miles from Chicago or Springfield is now only five miles from the same city. The Journal continues: "We are measuring distance in this case by the time required in traveling today as compared with a quarter of century ago, and less. A distance covered in four hours by old Dobbin in that day now can be done in a half hour or less."

"The automobile and paved roads have made the difference. It brings the dangers of the city to the very door of the remote farmer. The highway man can dash out to the country, practice his profession there and lose himself again in his city stronghold as conveniently as a raider can run out of a friendly harbor into the unprotected sea to pick up a fish-tin smack. All the metropolitan police may chase him out of their respective jurisdictions and keep him out. Then he is in clover because we have no state police for rural districts. Such a force is eight times as needful now as it was a quarter of a century ago and our legislators should study the situation with a view to supplying the need."

STANDING COMMITTEE APPOINTMENTS MADE BY C. OF C. DIRECTORS

The ratification of standing committee appointments, the donation of \$50 to the Woman's Club for its campaign to improve court house lawn and the admission of seven new members were the principal business matters transacted today at a meeting of the Bryan and Brazos County Chamber of Commerce directors. Those present at the meeting were Tyler Haswell, E. J. Fountain, J. N. Du-laney, L. L. McInnis, W. H. Cole, H. O. Ferguson, A. M. Waldrop, J. D. Martin, F. L. Henderson, John L. Lawrence, D. L. Wilson, J. M. Gordon, Oak McKenzie and T. K. Lawrence.

A letter from Commissioner of Banking and Insurance Ed Hall expressing his appreciation of the resolutions adopted at a recent meeting of the directors was read and recorded in the minutes of the meeting.

The vigilance committee on advertising and solicitation reported that it had endorsed the High School Annual and urged members of the Chamber of Commerce to support that publication. It also reported that it had turned down during the week two solicitation schemes which looked shady.

Secretary S. E. Eberstadt reported that during the week the housing committee obtained light housekeeping rooms for eight people and found boarding houses for five persons.

New members admitted into the organization were F. G. Williams, Dr. J. A. Wilkerson, Stuart McSwain, R. H. Denton, H. H. Young, Industrial Transportation Company, Charles Ball and W. O. Hill.

Oak McKenzie, chairman last year of the legislative committee, was named chairman of the entertainment committee by President Haswell. The standing committee appointments announced and ratified at the meeting were as follows:

Finance and membership: John M. Lawrence, chairman; E. H. Astin, H. O. Boatwright, W. S. Higgs, E. W. Crenshaw, R. S. Webb, Sr., G. J. Ned-breck, Wilson Bradley, E. J. Jenkins, Travis B. Bryan, Dr. W. B. Bizzell, J. E. Sullivan, and H. H. Williamson.

City development: E. J. Fountain, chairman; J. T. Maloney, George A. Adams, J. W. Batte, and J. L. Edge.

Entertainment: Oak McKenzie, chairman; Edwin G. Jenkins, Roy C. Stone, C. E. Jones, and I. Ashburn.

Highway: D. L. Wilson, chairman; E. E. McAdams, Roy Hudspeeth, J. B. Priddy, J. E. Covey and F. L. Cavitt.

Trade extension: Sam B. Wilson, chairman; G. M. Brandon, D. D. White, J. M. Gordon, and J. I. Barron.

Agricultural: J. D. Martin, chairman; C. C. Morgan, T. O. Walton, C. L. Eden, H. O. Ferguson, W. I. McCulloch, and M. F. Vytopol.

Educational: A. M. Waldrop, chairman; F. L. Henderson, M. E. Wallace, John A. Moore and T. K. Lawrence.

Legislative: J. Webb Howell, chairman; L. L. McInnis, W. C. Davis, Lee J. Rountree and Robt. Armstrong.

TYLER MAN STRUCK BY MOTOR CAR, DIES

Dallas, Texas, Feb. 1.—N. Lewis, of Tyler died at 11 a. m. Monday at a local sanitarium from injuries suffered when he was struck by an automobile on the Orphans Home road near Dallas at 5 p. m. Sunday. Death resulted from a fractured skull and injuries to the pelvic bone.

Lying by the side of the road, with blood flowing from his ears, Lewis was found by Mr. and Mrs. A. A. Love who were riding in their car. Mr. Lewis told Mr. Love, who is a Deputy Sheriff, that he was coming to Dallas from Tyler by automobile. When the gasoline in his car gave out Mr. Lewis went to a nearby house and obtained a can of fuel for his car. He was returning to his automobile struck him from behind he said, and threw him into the ditch where he was lying when the Love's came up. He said the car which struck him did not stop. The body of Mr. Lewis was forwarded to Tyler for burial Monday night by the Loudermilk Undertaking Company.

TYLER MAN STRUCK BY MOTOR CAR, DIES

Dallas, Texas, Feb. 1.—N. Lewis, of Tyler died at 11 a. m. Monday at a local sanitarium from injuries suffered when he was struck by an automobile on the Orphans Home road near Dallas at 5 p. m. Sunday. Death resulted from a fractured skull and injuries to the pelvic bone.

POLL TAX PAYMENTS DROP BELOW NORMAL IN CITY AND COUNTY

PROPERTY TAX COLLECTIONS IN CITY, HOWEVER, WERE ABOVE AVERAGE.

Working up to the stroke of midnight last night, both city and county tax collectors gave Bryan and Brazos County taxpayers the advantage of every legal minute to avoid the penalties which become effective today—disfranchisement for non-payment of poll taxes and an additional 10 per cent assessment for property tax. Although a large number of people were served last night after regular closing time, one man paying his poll tax at the court house at the very stroke of twelve, poll tax payments in both city and county fell far below normal, although property tax payments in the city at least, were above the usual average.

A tabulation of county poll tax payments made this morning by County Tax Collector Roy Hudspeeth showed a total of 2137 and 23 exemptions as compared with a total last year of 2336, or a drop of 219. City poll tax payments totalled 586 as compared with 617 last year.

While both offices were totally unable to estimate how property tax payments ran, City Tax Collector Guy P. Bittle stated that in his department collections were somewhat above normal. Tabulations on these collections are now being made and figures probably will be announced later this week.

No instructions as to the tax relief bill, signed yesterday by Governor Neff, have been received here and in the meantime County Tax Collector Hudspeeth is assessing the full 10 per cent for delinquent payments. The bill enacted yesterday reduces the delinquent penalty on 1920 taxes to five per cent instead of 10 per cent but does not become effective it is stated, until 90 days after the adjournment of the legislature, which means at least five months hence, and it is believed that the delay may make negative the intended benefits of the measure.

MASONIC CLUB FOR CAMPUS IS PLANNED

(Special to the Eagle.)

College Station, Texas, Feb. 1.—Subscription to a fund for the purpose of erecting an A. & M. Masonic Club House near the campus at College Station has started at the suggestion of G. L. Smart, Worshipful Master of the Brazos Union Lodge of the A. & M. Masonic Club.

There are approximately 300 Master Masons on the campus and such a building will be very beneficial to them as well as to visiting brothers. "Funds are to be solicited," Mr. Smart said, "from Masons throughout the State who are interested in seeing a club house erected to afford an additional place for their sons to spend the evenings, receiving good and wholesome instruction and promoting the fellowship so essential to the welfare and prosperity of the fraternity."

MRS. BENBOW IS BURIED.

Mrs. M. A. Benbow, died at the home of her daughter, Mrs. Bessie Lawrence in this city Monday afternoon at 5:30 o'clock after a long and painful illness. The funeral was conducted this afternoon at 2:30 from her late residence, with interment in the old family burying ground at the Alexander cemetery. Her pastor Rev. H. C. Willis of the First Methodist church of this city, officiating at the funeral service. A full account of the life of Mrs. Benbow will be given in a later issue of this paper.

The following were the active pallbearers: E. W. Crenshaw, J. L. Edge, E. J. Jenkins, John M. Lawrence, W. D. Lawrence and J. D. Martin.

URGENT APPEAL FOR STARVING IN CHINA

According to the most reliable reports, there are at least 15,000,000 of men, women and children facing starvation in China today, at this very hour, and 45,000,000 more are in the midst of famine conditions, trying to subsist on roots, leaves and weeds, that cry for urgent help. And from these horrible conditions there are occurring at the rate of one thousand deaths daily. All officials, agents and missionaries agree that China is now facing the worst calamity in her history, so tragic is the situation that it beggars and baffles description. Mere words absolutely fail to set forth fully the appeal of this starving mass of human beings of North China. The situation is still further aggravated by the fact that the famine prevails in the north where the climate is so cold, the thermometer some times registering ten degrees. Many have sold much of their clothing for money to buy food and many are without clothes. Pressing appeals have been sent out for these people and President Wilson has appointed a committee to make a public appeal. Now the churches of America have been called on to make an appeal to meet the crying need, so this morning at the meeting of the Pastors' Association the appeal was endorsed and each pastor agreed that on next Sunday a special collection would be taken for the starving in China. They have also asked that the Eagle collect funds from any who would like for their donations to go through this channel. Any donations left at the Eagle office will be sent to the American headquarters.

OLDER BOYS' ELECT OFFICERS AT FINAL CONFERENCE MEET

College Station, Texas, Jan. 31.—The Ninth Texas Older Boys' Conference was brought to a close here last night following the election of Earl Selann, Palestine, president; Lawrence Moore, Houston, vice president and John Brazelton, Corsicana, secretary-treasurer.

Only one business meeting was held yesterday, this being a short session at 8:30 yesterday morning. At this time reports were made by the resolutions committee and findings committee. This meeting was adjourned at 9:30 and the boys attended Sunday School and the regular convocation service at Guion Hall.

The findings committee reported that Bible study must be strongly emphasized in Hi-Y activities, and that an extensive program of educational advertising must be carried. Respecting the employed boys clubs it recommended that the State Y. M. C. A. committee appoint a man as soon as possible to devote his time to stimulating the work throughout the state, and that all local Y. M. C. A.'s in Texas give more definite time and work to the employed boy; that in the promotion of the Scout activities expert leadership is essential for successful troops; that to obtain Christian citizenship the four main divisions in the building of character are: intellectual, devotional, service, and physical training.

Resolutions were adopted extending thanks and appreciation to Dr. W. B. Bizzell, president of A. & M. college for the hospitality received from "his noble institution" and to J. E. Lewis, local secretary of the Y. M. C. A. for his help. During the afternoon the delegates were driven over the college farms and taken for inspection tours of the various college plants. A number of the boys left on the afternoon trains, but the larger part of the delegation remained for the closing session last night and took late trains for their homes.

BRYAN GIRL TO BE ON BAYLOR PROGRAM

Since the date of her entrance as a student at Baylor College, Belton, a few years ago, Miss Lois Pipkin, daughter of Rev. and Mrs. J. J. Pipkin of this city, has been a leading spirit in the development of all the college plans, laid for the upbuilding of the student life of that institution. Since the graduation of Miss Pipkin two years ago, she has been called back to her alma mater on many occasions to take part on special programs, and now as president of the alumni association, she is to be the speaker of prominence at Baylor College, Belton, on Charter Day, which is to be held tomorrow. Miss Pipkin departed today for Belton and will be the guest of the college for the remainder of this week, visiting her sister, Miss Lida Bella Pipkin, who is a student there. Bryan is justly proud of the honors conferred upon this worthy young lady and joins many other friends over the state in praise and appreciation of her splendid leadership among the christian women of Texas.

GETS SENTENCE TO PRISON FOR REPAIRING OLD STOVE

(By Associated Press)

Paris, Feb. 1.—Profiteering and heating are sore points with the French. The head of a firm that charged 127 francs for repairing an old stove has just been sentenced to serve a month in prison, to pay a fine of 1,000 francs and to have the sentence posted at the firm's door for seven days. An expert appraised the value of the repairs at 27 francs.

WOUNDED SOLDIERS AT MISSION THANK JUNIOR RED CROSS

The Junior Red Cross of the Brazos County Chapter, has received the following general letter of thanks from the soldiers in the hospital at Mission, Texas, for the big Christmas goodies, the generous donation of subscriptions to leading magazines and the cheery Christmas letter sent them by the children of the 4th grade of the Bryan East Side school by special delivery on Christmas morning.

Thanks and appreciation of the hundreds of sick and wounded soldiers confined in army hospitals at Camp Pike, Ark; Fort Riley, Kan; Fort Sill, Okla.; Jefferson Barracks, Mo.; Camp Travis, and the border stations of Texas have been issued to the people of the Southwest for the hundreds of presents and Xmas dainties sent to soldiers at the holiday season just closed, through the agency of the American Red Cross. Scores of chapters of the Red Cross, schools and individuals co-operated to make the Christmas of the shut-in soldiers a happy one.

"The supplies received," according to one of the field directors of the Red Cross at the camps, "were a remarkable expression of gratitude on the part of unseen givers of their hearts. Every conceivable form of gift, from turkeys, pies and puddings to Christmas cards were received and the latter, especially from the children many of whom could hardly form their letters, particularly touched the hearts of the lonesome soldiers."

BRYAN PREPARED FOR BANK ROBBERS

(For the Eagle)

Is there really any truth in the story going the rounds in Bryan that a plot has been uncovered whereby a big robbery is soon to be pulled off in this city. Feeling a bit agitated over this startling rumor, I decided to go on a tour of investigation and see what I could discover. I first dropped into the City National Bank and had an interview with Mr. Fred Cavitt. I asked him how the bank officials were fixed for an encounter with the robbers. Whereupon, almost in the twinkling of an eye, Mr. Cavitt produced the most awful and enormous, and dangerous looking gun that I ever beheld. His eyes flashed fire as he tapped the gun very significantly and said, "let the robber come." After this exhibition of Mr. Cavitt's ferocity I would say to all robbers, "Don't buck the tiger and don't monkey with a buzzy saw." By the way have you ever noticed how closely Mr. Cavitt resembles President Woodrow Wilson. The same set jaw and firm mouth as our president has. But notwithstanding the fierce expression that Mr. Cavitt assumes when occasion demands it, he cultivates a flower garden and raises the most wonderful sweet peas and pansies. But more is the pity that Mr. Cavitt still indulges in "the reveries of a bachelor" and Leap Year gone. But rumor says some of the sweet peas will find their way to a certain lady home in San Antonio this spring. I next turned to Mr. Houston Cole who sits in his den at the bank perfectly unprotected from bank robbers. Mr. Cole's expansive countenance is delightfully illumined with a smile that wont wear off. I said "Mr. Cole what would you do in event bank robbers should suddenly swoop down upon you and say throw up your hands." Mr. Cole replied by relating the following story. "On one occasion a bunch of dorkies had a fight. They were arrested and brought to trial. The judge asked one of the witnesses on the case: 'Sambro did you see any bullets passing around during the fight. Yes Sir Judge, I sure seen one bullet pass and den I passed all de other bullets. I tell you judge dis nigger was shore running some.' Evidently Mr. Cole believes as did old Jack Falstaff that "discretion is the better part of valor," and he who fights and runs away, lives to fight another day." So Mr. Cole leaves Fred Cavitt as watch dog of the City National Bank. Let burglars beware.

Next en route was the First National Bank. I entered and saw Major L. L. McInnis (the nestor of Bryan) who was calmly sitting at the desk figuring, perhaps on the next cotton crop that was not to be in Brazos County. I do not believe that even a bank robber can disturb the repose of Major McInnis, so I quietly slipped by him and interviewed (the Bryan Chesterfield) Mr. Travis B. Bryan. "What can you tell me Mr. Bryan about the arsenal of the First National Bank? We are all armed cap-a-pie," said Mr. Bryan, and while we do not wish to hold funeral services over bank robbers, still under certain conditions we will gladly bury the dead." Mr. Bryan faced the deadly foe in Germany for a year, so bank robbers hold no terror for him. There are three points of resemblance between Mr. Travis Bryan and Mr. Fred Cavitt. Both of them are fearless, both of them love flowers (Mr. Bryan's favorite is the American Beauty) and both of them are bachelors.

In the First State Bank I found Mr. Robert Armstrong, Jr., guarding its money and treasures, but sad to relate Mr. Armstrong is also a bachelor, but not so hopelessly so as is Mr. Fred Cavitt and Travis B. Bryan. One thing I am sure, that is that the Bryan banks with their arsenals and brave guardians will never be disturbed by bold, bad robbers. So it must be the post office or James Drug Store that the robbers have an eye upon.

SUB ROSA.

PASTOR'S MOTHER DIES.
The many friends of Dr. E. W. Solomon, former pastor of the First Methodist church in this city, will be grieved to learn of his bereavement in the loss of his aged mother, Mrs. J. W. Solomon, at the old family home in Montgomery, Alabama, Friday. Mrs. Solomon was in her ninetieth year, and, until a few months ago was in perfect health with all her faculties wonderfully preserved, and one of the active christian workers of her city. She was the grandmother of our townsman W. W. Solomon, and to him and his family many friends extend condolence and sympathy.

A few doses 666 break a cold.

BRYAN WEEKLY EAGLE

Printed every afternoon except Sunday by the Eagle Printing Company, Bryan, Texas.

Entered at the postoffice at Bryan, Texas, April 28, 1915, as second class matter under act of congress March 8, 1879.

LEE J. ROUNTREE, Managing Editor

WEEKLY EAGLE—In Brazos County: \$1.50 per year, six months, \$1.00. Published Thursdays.

WEEKLY EAGLE—Outside of Texas: \$2.00 per year, \$1.25 for six months.

MEMBER OF THE ASSOCIATED PRESS

It is nearly time for everybody to quit squabbling and go to work in earnest. We need more homes and improvements and no so many blue sky propositions and so much destructive propaganda. Go to work.

Austin people were warned to look out after their valuables during the inauguration of Pat Neff. And now that he is governor, we might warn unnecessary chair warmers to look out after their jobs.—Waco News-Tribune.

The Houston Post says: "San Antonio is probably 5000 ahead of Houston in poll tax payments, but that is because the people love to vote more than ours do. Census or no census. Houston has more people than San Antonio, more flowers, more money, fewer mosquitoes, fewer bandits, and greater hopes of salvation." San Antonio and Houston both have more people out of work than they have any idea of and the United States ought to be cleaned out.

The Waco-News Tribune says: "Now let the country get busy and help to cut down the numerical strength of the army of unemployed." One of the main troubles is that several million people in the United States are doing the immaterial things adding to expenses and high costs and not producing anything of value. Hence there are high prices, unemployment and inefficiency in many lines. But there seems at present no reform, sooner or later we will understand our duties better and do better.

Dallas has the finest jail in the world. A reception recently held in the parlors of the jail by the seventeen women inmates is said to have rivaled in costumes and flowers some of the drawing rooms in New York. The women are held on charges of highway robbery, husband shooting, bootlegging, vagrancy and other charges. It is said that the demand for rooms in the jail by many people who are not working every night is very heavy. The jail-bird in Dallas nearly always wants to come back home.

The Examiner-Review herewith makes a prediction with regard to the roads of the south end of the county. Not more than a month will ensue until a noticeable difference will be plain to everybody. And the King's Trail, the road which is entitled alone to receive one-half of the automobile tax paid into the county, will show a vast improvement from the north to the south line of the county. There is no reason why the money available for some time has not been spent on this road, if we are correctly informed. The King's Trail has been permitted to go to pieces, almost, in sections, and this should not be where money to keep it in repair is available. Commissioner Barry is in hearty sympathy with the idea of good roads. And he means good roads, not roads partially maintained.—Nasasota Examiner-Review.

BE GAME, OLD FELLOW.

(Waco News-Tribune.) Another Texas man is suffering from a smashed heart; he declared that a woman put his pulsating organ out of tune and he wants the gray deceiver to pay damages as a consequence. The neat little sum of \$25,000 is named as compensation for the disabling wounds received on the battlefield of courtship.

It seems to us that the sum asked is entirely too much. No woman, not even a grass-widow, can have \$25,000 worth of fun fooling a man. One must take into consideration the fact that it takes up the jilter's time as well as the jilted's. We believe that any man who is led on by the winsome smiles and encouraging words of a woman and made to think that she is going to eventually become his manager, is entitled to recover damages. Every package of chewing gum, each dish of ice cream and all the extra shaves that he has taken while engaged in the unsuccessful pursuit, should be paid for by the woman if she decides to call off the bet. But no woman ever stopped talking long enough to chew up \$25,000 worth of gum in one courtship, even if you include the cold drink stand bills and jitney fares.

Why not be game, old fellow, and just make out an itemized account covering the real expenses, which we are sure cannot amount to more than \$250? Then we believe that it would be perfectly legitimate and just to add 10 per cent of this sum, as punitive damages, or for "inliment" to soothe the hurts of the heart.

TEXAS NEEDS A CONSTITUTION.

(Houston Chronicle.) The present constitution of Texas was adopted nearly 50 years ago. Conditions were very different at that time from what they are now. Railroad development was still in its infancy, big business had not made its debut, the idea of reformation had not become a factor in the penal system, there were no large cities in the state, etc., etc.

Most of the states have found it necessary to make radical revisions of their constitutions, and many have adopted wholly new ones, within the last half a century. Texas has acquired some prominence by standing so

constitution has been emphasized by the frequency with which amendments have been proposed.

Generally speaking, amendments have failed of adoption, but this has been due in some measure to an ever increasing opinion that it would be better to have a new constitution than tinker with an old one. There are not a few people who favor a general revision, but hesitate to vote detailed changes.

So long as the present constitution remains, however, there will be a constant, and, probably, a growing demand for alterations, which means agitation, campaign, special elections and useless expense. There has not been an election for some time which did not include one or more constitutional amendments, and notwithstanding the fact that these amendments have generally met defeat, they continue to be submitted.

The Chronicle feels that the legislature could render the people of this state no greater service, assuming the Chronicle feels that the legislature could render the people of this state no greater service assuming that it is empowered to do so, than by calling a constitutional convention to be held some time in the near future.

The Chronicle feels that a majority of the people of this state are favorably inclined toward redrafting its constitution, and that a redraft would meet with their approval, provided it were in line with what has been demonstrated as practical during the last 50 years and did not lean too strongly toward innovation and experimentation.

AFRAID OF THE PEOPLE ON A NEW TEXAS CONSTITUTION

(By C. W. Wade, Houston Chronicle Staff Correspondent.)

Austin, Texas, Feb. 1.—Summed up frankly, many members of the house of representatives have no great amount of confidence in the ability of the people to govern themselves wisely. This was brought out by the debate on the resolution to call a convention to rewrite the constitution of Texas. The resolution is H. C. No. 12 offered by Rountree, of Brazos and Satterwhite, of Carson.

When the charge was made on the floor that such was the motive actuating opposition to the resolution, it was denied for obvious reasons. No member wants his constituents to read in the newspapers that he holds such opinion of them. But several of the leading members of the house admitted privately that such was their reasons for opposing the resolution. On a test vote taken just before adjournment yesterday afternoon to strike out the enacting clause (to kill the resolution), the motion lost by a vote of 62 to 57, leaving the resolution still on the calendar of the house, after having been debated all day yesterday.

Want New Constitution. There is no doubt but a clear majority of the members of the house want to see the constitution rewritten. During the last eight or ten years an increasing number of constitutional amendments are submitted by each succeeding legislature, and the elections on any two of these cost enough to pay for a convention. The present constitution was written 1876.

"I will be perfectly frank," said one member to the Chronicle correspondent. "If an election is held to select delegates to a constitutional convention the people will pay but little attention to the election or selection of delegates. As a result the corporations will elect the men who will write the new constitution. It may be that after this readjustment is over and things are normal we might have a convention, but I am opposed to it now. The people do not take any interest in elections on constitutional amendments, so we could not expect them to be interested in the selection of delegates. I am heartily in favor of writing the constitution, but frankly, I am afraid to trust the people to select the men who will rewrite it."

One member declared he was afraid for the people to elect delegates to the convention and then if they did that the people might adopt a bad constitution. There are now about fifty propositions pending in the legislature to amend the constitution and upon motion of Davis of Dallas, chairman of constitutional amendments.

TABOR NEWS.

Tabor, Tex. Feb. 1.—Prof. J. L. Cobb has been sick for the past week. We hope he will soon recover and be able to resume his school work.

Mr. and Mrs. Cliff Martin and children of Bryan spent Sunday with Mr. and Mrs. J. L. Sample.

Mr. and Mrs. J. B. Priddy of Bryan visited Mr. and Mrs. J. W. Harris Sunday afternoon.

Miss Onah Shaw has resigned her position as assistant teacher at Alexander. Miss Ringer has been chosen to fill the vacancy.

The Young People's Union which has been organized at Cottonwood, meets every Sunday night at seven thirty o'clock. Everyone is cordially invited to come and take part.

On Saturday night, Misses Ella and Hettie Francis delightfully entertained the girls of the domestic science class and an equal number of young men with a party. The chief diversion of the evening was a tongue dance or conversation party. At a later hour the guests were served sandwiches, cake and hot chocolate.

The domestic science club will meet Friday night with its new officers presiding. The schools will furnish the program for the evening. The club is planning a big entertainment in the form of a supper and other amusements which will be given Saturday night, February 12th, as a means of raising money to pay for the lights.

PASTORS ASSOCIATION ENDORSES DRIVE TO AID STARVING CHINA

Fifteen million of our fellow-men in China are facing immediate death by starvation because of the terrible famine. Millions more are undergoing the greatest imaginable sufferings. While families are committing suicide rather than meet death by the agonies of starvation. Such suffering would touch a heart of adamant, surely it will make a mighty appeal to every Christian heart. We must do something and do it quickly. They are our brothers.

So tragic and urgent is the situation President Wilson has issued an appeal to all the churches of America asking them to take a collection for these famine sufferers on Sunday, February 6. This appeal has been endorsed by the Pastors' Association and on next Sunday every man, woman and child in Bryan will have the opportunity of doing their part towards alleviating the suffering of these unfortunate people. Donations will be received at the Eagle for the convenience of those who want to contribute.

PROF. D. SCOATES TO ADDRESS NATIONAL TRACTOR SHOW

College Station, Texas, Feb. 1.—Prof. D. Scoates, head of the department of Agricultural Engineering, A. & M. College of Texas has accepted an invitation to address the Sixth National Tractor Show and Educational Exposition which will be held at Columbus, Ohio, February 7 to 12 inclusive. A copy of the program received here contains a list of lectures on power farming subjects by many of the best known agricultural engineers connected with the various universities of the world. Prof. Scoates will speak in Columbus on February 7 and will leave immediately for Manhattan, Kansas, where he will in the same week lecture on agricultural engineering before the general assembly of engineers and farmers attending Farm and Home Week at the Kansas State Agricultural College.

POST IN PHILIPPINES DECLINED BY WOOD

(By Associated Press)

Washington, Feb. 31.—The post of Governor General of the Philippines has been offered to General Wood by President-Elect Harding and declined, according to information coming from some of General Wood's close friends. It is said to have been reported at the time that General Wood's success in Cuba made him the best available man to govern the Philippines and to work out the problems incident to independence, in event that course is adopted by the new Congress.

There has been an insistent demand from some sections of the country, particularly in the East, for appointment of General Wood as a member of the cabinet, as a mark of recognition for the Progressive element of the party. At the outset the gossip began associating the Major General's name with the war portfolio, and was only stopped by the announcement of the President-elect that he thought the secretary of war ought to be a man in civil life, but who had military experience. It has been pointed out that the large majority received by Senator Harding last November was not a Republican majority, but rather made up of elements in protest, and that, sooner or later, it would begin to disintegrate. At that juncture, it is being ventured the new administration will need all the support that it can obtain, and that including General Wood in the official family would tend to solidify the Republican elements. Whether friends of General Wood hold hope for the political future is not developed. When pressed for a reason why the Philippine post was not acceptable, they replied that "it is too far away."

AUTO MAKES FARMS ONE-EIGHTH NEARER TO CITIES, IS CLAIM

(By Associated Press)

Chicago, Feb. 1.—Every farmer's house and every cross-roads general store and postoffice in the state is today only about one-eighth as far from the great city as it was twenty or twenty-five years ago, says the Journal of Criminal and Criminology Law. That is, the rural postoffice that so long ago was forty miles from Chicago or Springfield is now only five miles from the same city. The Journal continues: "We are measuring distance in this case by the time required in traveling today as compared with a quarter of century ago, and less. A distance covered in four hours by old Dobbin in that day now can be done in a half hour or less."

"The automobile and paved roads have made the difference. It brings the dangers of the city to the very door of the remote farmer. The highway man can dash out to the country, practice his profession there and lose himself again in his city stronghold as conveniently as a raider can run out of a friendly harbor into the unprotected sea to pick up a fish-smack. All the metropolitan police may chase him out of their respective jurisdictions and keep him out. Then he is in clover because we have no state police for rural districts. Such a force is eight times as useful now as it was a quarter of a century ago and our legislators should study the situation with a view to supplying the need."

STANDING COMMITTEE APPOINTMENTS MADE BY C. OF C. DIRECTORS

The ratification of standing committee appointments, the donation of \$50 to the Woman's Club for its campaign to improve court house lawn and the admission of seven new members were the principal business matters transacted today at a meeting of the Bryan and Brazos County Chamber of Commerce directors. Those present at the meeting were Tyler Haswell, E. J. Fountain, J. N. Dulaney, L. L. McInnis, W. H. Cole, H. O. Ferguson, A. M. Waldrop, J. D. Martin, F. L. Henderson, John L. Lawrence, D. L. Wilson, J. M. Gordon, Oak McKenzie and T. K. Lawrence.

A letter from Commissioner of Banking and Insurance Ed Hall expressing his appreciation of the resolutions adopted at a recent meeting of the directors was read and recorded in the minutes of the meeting.

The vigilance committee on advertising and solicitation reported that it had endorsed the High School Annual and urged members of the Chamber of Commerce to support that publication. It also reported that it had turned down during the week two solicitation schemes which looked shady.

Secretary S. E. Eberstadt reported that during the week the housing committee obtained light housekeeping rooms for eight people and found boarding houses for five persons.

New members admitted into the organization were F. G. Williams, Dr. J. A. Wilkerson, Stuart McSwain, R. H. Denton, H. H. Young, Industrial Transportation Company, Charles Ball and W. O. Hill.

Oak McKenzie, chairman last year of the legislative committee, was named chairman of the entertainment committee by President Haswell. The standing committee appointments announced and ratified at the meeting were as follows:

Finance and membership: John M. Lawrence, chairman; E. H. Astin, H. O. Boatwright, W. S. Higgins, E. W. Crenshaw, R. S. Webb, Sr., G. J. Nedbalok, Wilson Bradley, E. J. Jenkins, Travis B. Bryan, Dr. W. B. Bizzell, J. E. Sullivan, and H. H. Williamson.

City development: E. J. Fountain, chairman; J. T. Maloney, George A. Adams, J. W. Batte, and J. L. Edge. Entertainment: Oak McKenzie, chairman; Edwin G. Jenkins, Roy C. Stone, C. E. Jones, and I. Ashburn. Highway: D. L. Wilson, chairman; E. E. McAdams, Roy Hudspheth, J. B. Priddy, J. E. Covey and F. L. Cavitt. Trade extension: Sam B. Wilson, chairman; G. M. Brandon, D. D. White, J. M. Gordon, and J. I. Barron.

Agricultural: J. D. Martin, chairman; C. C. Morgan, T. O. Walton, C. L. Eden, H. O. Ferguson, W. I. McCulloch, and M. F. Vytplot. Educational: A. M. Waldrop, chairman; F. L. Henderson, M. E. Wallace, John A. Moore and T. K. Lawrence. Legislative: J. Webb Howell, chairman; L. L. McInnis, W. C. Davis, Lee J. Rountree and Robt. Armstrong.

TYLER MAN STRUCK BY MOTOR CAR, DIES

Dallas, Texas, Feb. 1.—N. Lewis, of Tyler died at 11 a. m. Monday at a local sanitarium from injuries suffered when he was struck by an automobile on the Orphans Home road near Dallas at 5 p. m. Sunday. Death resulted from a fractured skull and injuries to the pelvic bone.

Lying by the side of the road, with blood flowing from his ears, Lewis was found by Mr. and Mrs. A. A. Love who were riding in their car. Mr. Lewis told Mr. Love, who is a Deputy Sheriff, that he was coming to Dallas from Tyler by automobile. When the gasoline in his car gave out Mr. Lewis went to a nearby house and obtained a can of fuel for his car. He was returning to his car with the gasoline when an automobile struck him from behind he said, and threw him into the ditch where he was lying when the Love's came up. He said the car which struck him did not stop. The body of Mr. Lewis was forwarded to Tyler for burial Monday night by the Loudmilk Undertaking Company.

SOUR STOMACH INDIGESTION

Theodor's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theodor's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theodor's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theodor's.

POLL TAX PAYMENTS DROP BELOW NORMAL IN CITY AND COUNTY

PROPERTY TAX COLLECTIONS IN CITY, HOWEVER, WERE ABOVE AVERAGE.

Working up to the stroke of midnight last night, both city and county tax collectors gave Bryan and Brazos County taxpayers the advantage of every legal minute to avoid the penalties which become effective today—disfranchisement for non-payment of poll taxes and an additional 10 per cent assessment for property tax. Although a large number of people were served last night after regular closing time, one man paying his poll tax at the court house at the very stroke of twelve, poll tax payments in both city and county fell far below normal, although property tax payments in the city at least, were above the usual average.

A tabulation of county poll tax payments made this morning by County Tax Collector Roy Hudspheth showed a total of 2137 and 23 exemptions as compared with a total last year of 2,336, or a drop of 219. City poll tax payments totalled 586 as compared with 617 last year.

While both offices were totally unable to estimate how property tax payments ran, City Tax Collector Guy P. Bittle stated that in his department collections were somewhat above normal. Tabulations on these collections are now being made and figures probably will be announced later this week.

No instructions as to the tax relief bill, signed yesterday by Governor Neff, have been received here, and in the meantime County Tax Collector Hudspheth is assessing the full 10 per cent for delinquent payments. The bill enacted yesterday reduces the delinquent penalty on 1920 taxes to five per cent instead of 10 per cent but does not become effective it is stated, until 90 days after the adjournment of the legislature, which means at least five months hence, and it is believed that the delay may make negative the intended benefits of the measure.

MASONIC CLUB FOR CAMPUS IS PLANNED

(Special to the Eagle.)

College Station, Texas, Feb. 1.—Subscription to a fund for the purpose of erecting an A. & M. Masonic Club House near the campus at College Station have started at the suggestion of G. L. Smart, Worshipful Master of the Brazos Union Lodge of the A. & M. Masonic Club.

There are approximately 300 Master Masons on the campus and such a building will be very beneficial to them as well as to visiting brothers.

"Funds are to be solicited," Mr. Smart said, "from Masons throughout the State who are interested in seeing a club house erected to afford an additional place for their sons to spend the evenings, receiving good and wholesome instruction and promoting the fellowship so essential to the welfare and prosperity of the fraternity."

MRS. BENBOW IS BURIED.

Mrs. M. A. Benbow, died at the home of her daughter, Mrs. Bessie Lawrence in this city Monday afternoon at 5:30 o'clock after a long and painful illness. The funeral was conducted this afternoon at 2:30 from her late residence, with interment in the old family burying ground at the Alexander cemetery. Her pastor Rev. H. C. Willis of the First Methodist church of this city, officiating at the funeral service. A full account of the life of Mrs. Benbow will be given in a later issue of this paper.

The following were the active pallbearers: E. W. Crenshaw, J. L. Edge, E. J. Jenkins, John M. Lawrence, W. D. Lawrence and J. D. Martin.

URGENT APPEAL FOR STARVING IN CHINA

According to the most reliable reports, there are at least 15,000,000 of men, women and children facing starvation in China today, at this very hour, and 45,000,000 more are in the midst of famine conditions, trying to subsist on roots, leaves and weeds, that cry for urgent help. And from these horrible conditions there are occurring at the rate of one thousand deaths daily. All officials, agents and missionaries agree that China is now facing the worst calamity in her history, so tragic is the situation that it beggars and baffles description. Mere words absolutely fail to set forth fully the appeal of this starving mass of human beings of North China. The situation is still further aggravated by the fact that the famine prevails in the north where the climate is so cold, the thermometer some times registering ten degrees. Many have sold much of their clothing for money to buy food and many are without clothes. Pressing appeals have been sent out for these people and President Wilson has appointed a committee to make a public appeal.

Now the churches of America have been called on to make an appeal to meet the crying need, so this morning at the meeting of the Pastors' Association the appeal was endorsed and each pastor agreed that on next Sunday a special collection would be taken for the starving in China. They have also asked that the Eagle collect funds from any who would like for their donations to go through this channel. Any donations left at the Eagle office will be sent to the American headquarters.

OLDER BOYS' ELECT OFFICERS AT FINAL CONFERENCE MEET

College Station, Texas, Jan. 31.—The Ninth Texas Older Boys' Conference was brought to a close here last night following the election of Earl Selamn, Palestine, president; Lawrence Moore, Houston, vice president and John Brazzelton, Corsicana, secretary-treasurer.

Only one business meeting was held yesterday, this being a short session at 8:30 yesterday morning. At this time reports were made by the resolutions committee and findings committee. This meeting was adjourned at 9:30 and the boys attended Sunday School and the regular convocation service at Guion Hall.

The findings committee reported that Bible study must be strongly emphasized in Hi-Y activities, and that an extensive program of educational advertising must be carried. Respecting the employed boys clubs it recommended that the State Y. M. C. A. committee appoint a man as soon as possible to devote his time to stimulating the work throughout the state, and that all local Y. M. C. A.'s in Texas give more definite time and work to the employed boy; that in the promotion of the Scout activities expert leadership is essential for successful troops; that to obtain Christian citizenship the four main divisions in the building of character are: intellectual, devotional, service, and physical training.

Resolutions were adopted extending thanks and appreciation to Dr. W. B. Bizzell, president of A. & M. college for the hospitality received from "this noble institution" and to J. E. Lewis, local secretary of the Y. M. C. A. for his help. During the afternoon the delegates were driven over the college farms and taken for inspection tours of the various college plants. A number of the boys left on the afternoon trains, but the larger part of the delegation remained for the closing session last night and took late trains for their homes.

BRYAN GIRL TO BE ON BAYLOR PROGRAM

Since the date of her entrance as a student at Baylor College, Belton, a few years ago, Miss Lois Pipkin, daughter of Rev. and Mrs. J. J. Pipkin of this city, has been a leading spirit in the development of all the college plans, laid for the upbuilding of the student life of that institution. Since the graduation of Miss Pipkin two years ago, she has been called back to her alma mater on many occasions to take part on special programs, and now as president of the alumni association, she is to be the speaker of prominence at Baylor College, Belton, on Charter Day, which is to be held tomorrow. Miss Pipkin departed today for Belton and will be the guest of the college for the remainder of this week, visiting her sister, Miss Lida Belle Pipkin, who is a student there. Bryan is justly proud of the honors conferred upon this worthy young lady and joins many other friends over the state in praise and appreciation of her splendid leadership among the christian women of Texas.

GETS SENTENCE TO PRISON FOR REPAIRING OLD STOVE

(By Associated Press) Paris, Feb. 1.—Profitteering and heating are sore points with the French. The head of a firm that charged 127 francs for repairing an old stove has just been sentenced to serve a month in prison, to pay a fine of 1,000 francs and to have the sentence posted at the firm's door for seven days. An expert appraised the value of the repairs at 27 francs.

WOUNDED SOLDIERS AT MISSION THANK JUNIOR RED CROSS

The Junior Red Cross of the Brazos County Chapter, has received the following general letter of thanks from the soldiers in the hospital at Mission, Texas, for the big Christmas goodies, the generous donation of subscriptions to leading magazines and the cheery Christmas letter sent them by the children of the 4th grade of the Bryan East Side school by special delivery on Christmas morning.

Thanks and appreciation of the hundreds of sick and wounded soldiers confined in army hospitals at Camp Pike, Ark; Fort Riley, Kan.; Fort Sill, Okla.; Jefferson Barracks, Mo.; Camp Travis, and the border stations of Texas have been issued to the people of the Southwest for the hundreds of presents and Xmas dainties sent to soldiers at the holiday season just closed, through the agency of the American Red Cross. Scores of chapters of the Red Cross, schools and individuals co-operated to make the Christmas of the shut-in soldiers a happy one.

"The supplies received," according to one of the field directors of the Red Cross at the camps, "were a remarkable expression of gratitude on the part of unseen givers of recipients unknown to them except as they were visualized in the generosity of their hearts. Every conceivable form of gift, from turkeys, pies and puddings to Christmas cards were received and the latter, especially from the children many of whom could hardly form their letters, particularly touched the hearts of the lonesome soldiers."

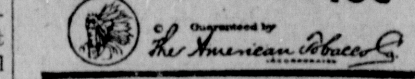

A few doses 666 break a cold.

BRYAN PREPARED FOR BANK ROBBERS

(For the Eagle)

Is there really any truth in the story going the rounds in Bryan that a plot has been uncovered whereby a big robbery is soon to be pulled off in this city. Feeling a bit agitated over this startling rumor, I decided to go on a tour of investigation and see what I could discover. I first dropped into the City National Bank and had an interview with Mr. Fred Cavitt. I asked him how the bank officials were fixed for an encounter with the robbers. Whereupon, almost in the twinkling of an eye, Mr. Cavitt produced the most awful and enormous, and dangerous looking gun that I ever beheld. His eyes flashed fire as he tapped the gun very significantly and said, "let the robber come." After this exhibition of Mr. Cavitt's ferocity I would say to all robbers, "Don't buck the tiger and don't monkey with a buzzy saw." By the way have you ever noticed how closely Mr. Cavitt resembles President Woodrow Wilson. The same set jaw and firm mouth as our president has. But notwithstanding the fierce expression that Mr. Cavitt assumes when occasion demands it, he cultivates a flower garden and raises the most wonderful sweet peas and pansies. But more is the pity that Mr. Cavitt still indulges in "the reveries of a bachelor" and Leap Year gone. But rumor says some of the sweet peas will find their way to a certain ladies home in San Antonio this spring. I next turned to Mr. Houston Cole who sits in his den at the bank perfectly unprotected from bank robbers. Mr. Cole's expansive countenance is delightfully illumined with a smile that went wear off. I said "Mr. Cole what would you do in event bank robbers should suddenly swoop down upon you and say throw up your hands." Mr. Cole replied by relating the following story. "On one occasion a bunch of darkies had a fight. They were arrested and brought to trial. The judge asked one of the witnesses on the case: 'Sambo did you see any bullets passing around during the fight. Yes Sir Jedge, I sure seen one bullet pass and den I passed all de other bullets. I tell you jedge dis nigger was shore running some.' Evidently Mr. Cole believes as did old Jack Falstaff that "discretion is the better part of valor, and he who fights and runs away, lives to fight another day." So Mr. Cole leaves Fred Cavitt as watch dog of the City National Bank. Let burglars beware.

Next en route was the First National Bank. I entered and saw Major L. L. McInnis (the nestor of Bryan) who was calmly sitting at the desk figuring, perhaps on the next cotton crop that was not to be in Brazos County. I do not believe that even a bank robber can disturb the repose of Major McInnis, so I quietly slipped by him and interviewed (the Bryan Chesterfield) Mr. Travis B. Bryan. "What can you tell me Mr. Bryan about the arsenal of the First National Bank? We are all armed cap-a-pie, said Mr. Bryan, and while we do not wish to hold funeral services over bank robbers, still under certain conditions we will gladly bury the dead." Mr. Bryan faced the deadly foe in Germany for a year, so bank robbers hold no terror for him. There are three points of resemblance between Mr. Travis Bryan and Mr. Fred Cavitt. Both of them are fearless, both of them love flowers (Mr. Bryan's favorite is the American Beauty) and both of them are bachelors.

In the First State Bank I found Mr. Robert Armstrong, Jr., guarding its money and treasures, but sad to relate Mr. Armstrong is also a bachelor, but not so hopelessly so as is Mr. Fred Cavitt and Travis B. Bryan. One thing I am sure, that is that the Bryan banks with their arsenals and brave guardians will never be disturbed by bold, bad robbers. So it must be the post office or James Drug Store that the robbers have an eye upon.

SUB ROSA.

PASTOR'S MOTHER DIES. The many friends of Dr. E. W. Solomon, former pastor of the First Methodist church in this city, will be grieved to learn of his bereavement in the loss of his aged mother, Mrs. J. W. Solomon, at the old family home in Montgomery, Alabama, Friday. Mrs. Solomon was in her ninety-ninth year, and until a few months ago was in perfect health, with all her faculties wonderfully preserved, and one of the active Christian workers of her city. She was the grandmother of our townsman W. W. Solomon, and to him and his family many friends extend condolence and sympathy.

A few doses 666 break a cold.

GERMANS CLAIM EXECUTION REPARATION TERMS WOULD BANKRUPT CENTRAL EUROPE

(By Associated Press)
Berlin, Feb. 1.—Germany regards the reparation terms received yesterday in a note from the Allies as impossible and fanatical and the general opinion of the government cannot agree on them. Leaders of Reichstag used the term "meanness" in reference to the note. Foreign Minister Simons declared that execution of the terms would produce chaos not only in Germany but throughout Central Europe, as to bankrupt Germany would also bankrupt part of Germany's war creditors among whom is France.

BRITISHER ALSO SAYS TERMS IMPOSSIBLE.
(By Associated Press)
London, Feb. 1.—It will be impossible for Germany to pay the amounts fixed for settlement of the reparation debt of the Allies, according to John Keynes, principal representative of the British treasury at Versailles peace conference. He argues that Germany must have a surplus of exports of two hundred million pounds.

PARIS BELIEVES GERMANY WILL ACCEPT.
(By Associated Press)
Paris, Feb. 1.—The fact that German delegates to the Brussels conference and financial economic and experts are remaining in Paris for consultations is taken in political circles here to mean that Germany is willing to accept the decision of the Allies in regard to reparations as a basis for discussion notwithstanding a document from Berlin indicating a disposition to reject the plan.

LEGION CONSIDERS TUBERCULAR BILL

Austin, Texas, Feb. 2.—The best method of caring for tubercular ex-service men in Texas was considered in detail by the executive organization of the American Legion of Texas today, including a proposed bill appropriating \$1,500,000 for a tubercular hospital to be operated by the state in conjunction with the legion, using the legion hospital at Kerrville as the nucleus for the state hospital.

The bill which was explained to the legion committee by Colonel Alvin Owsley of Denton will be introduced it is planned as a substitute for the Rogers bill in the senate. The legion would turn over its property at Kerrville to the state, which would enlarge the hospital and use it for Texas ex-service tuberculars. Colonel Owsley also thought it would be possible, as a counter proposition to build another hospital for the American Legion and lease the present hospital to the United States.

Attention was brought to the fact that the Texas Legion is about to sign a lease with the United States public health service to use the Kerrville hospital for tubercular ex-service men. This lease is to be signed Wednesday, unless the legion rescinds its decision. Colonel Owsley thought that if this lease is signed it will preclude any possible aid from the state. State Commander Guy O. Shirey of Fort Worth said the committee had ordered the lease to be signed.

Dr. Shirey presided at the conference as state commander. Dr. Z. T. Scott of Austin told how the Kerrville hospital had been established and how it was maintained. Dr. C. E. Brewer, chairman of the tubercular section of the United States public health service in the fourteenth district, with headquarters at Dallas, told what he thought the government was willing to do.

It was brought out that the federal government undoubtedly will take a contract with the state hospital, paying \$3 a day for the care of tuberculars sent there, and that the government will be anxious to have this done. No contract will be made for longer than a year by the government.

There are 3000 tubercular service men in Texas, Oklahoma and Arkansas, and by 1922 it is expected there will be 5,000 tuberculars. The peak is expected to be reached in 1924. Disability claims are being received in the district at the rate of 1500 a month, including all kinds of disabilities.

Dr. Shirey said that the last tubercular man who had been in the service will have died by 1977, and that this should be considered in caring for them now. Charles W. Scruggs of Dallas, state adjutant, said the legion records showed there were 1700 tubercular ex-service men in Texas. Dr. Brewer thought it would be no mistake to build a hospital larger than that needed for ex-service men, as there are many other tuberculars needing care.

In the present proposed legion bill Colonel Owsley said he did not believe the legion could own and control a hospital by leasing it to the United States public health service and then ask the state for an appropriation, as a legal proposition. The attorney general's department held this opinion, he said. He estimated American Legion property in Texas to be valued at from \$50,000 to \$500,000.

A question was brought up by Mr. Baggett as to whether the Texas Legion would break faith with the Benevolent War Society, which turned over the Kerrville hospital fund to it. Mr. Owsley did not think so, as the purpose of that society had been to aid the service men in need.

George N. Hefferan and John Hawley were here from the Galveston post of the Legion.

GERMANS CLAIM EXECUTION REPARATION TERMS WOULD BANKRUPT CENTRAL EUROPE

(By Associated Press)
Berlin, Feb. 1.—Germany regards the reparation terms received yesterday in a note from the Allies as impossible and fanatical and the general opinion of the government cannot agree on them. Leaders of Reichstag used the term "meanness" in reference to the note. Foreign Minister Simons declared that execution of the terms would produce chaos not only in Germany but throughout Central Europe, as to bankrupt Germany would also bankrupt part of Germany's war creditors among whom is France.

BRITISHER ALSO SAYS TERMS IMPOSSIBLE.
(By Associated Press)
London, Feb. 1.—It will be impossible for Germany to pay the amounts fixed for settlement of the reparation debt of the Allies, according to John Keynes, principal representative of the British treasury at Versailles peace conference. He argues that Germany must have a surplus of exports of two hundred million pounds.

PARIS BELIEVES GERMANY WILL ACCEPT.
(By Associated Press)
Paris, Feb. 1.—The fact that German delegates to the Brussels conference and financial economic and experts are remaining in Paris for consultations is taken in political circles here to mean that Germany is willing to accept the decision of the Allies in regard to reparations as a basis for discussion notwithstanding a document from Berlin indicating a disposition to reject the plan.

LEGION CONSIDERS TUBERCULAR BILL

Austin, Texas, Feb. 2.—The best method of caring for tubercular ex-service men in Texas was considered in detail by the executive organization of the American Legion of Texas today, including a proposed bill appropriating \$1,500,000 for a tubercular hospital to be operated by the state in conjunction with the legion, using the legion hospital at Kerrville as the nucleus for the state hospital.

The bill which was explained to the legion committee by Colonel Alvin Owsley of Denton will be introduced it is planned as a substitute for the Rogers bill in the senate. The legion would turn over its property at Kerrville to the state, which would enlarge the hospital and use it for Texas ex-service tuberculars. Colonel Owsley also thought it would be possible, as a counter proposition to build another hospital for the American Legion and lease the present hospital to the United States.

Attention was brought to the fact that the Texas Legion is about to sign a lease with the United States public health service to use the Kerrville hospital for tubercular ex-service men. This lease is to be signed Wednesday, unless the legion rescinds its decision. Colonel Owsley thought that if this lease is signed it will preclude any possible aid from the state. State Commander Guy O. Shirey of Fort Worth said the committee had ordered the lease to be signed.

Dr. Shirey presided at the conference as state commander. Dr. Z. T. Scott of Austin told how the Kerrville hospital had been established and how it was maintained. Dr. C. E. Brewer, chairman of the tubercular section of the United States public health service in the fourteenth district, with headquarters at Dallas, told what he thought the government was willing to do.

It was brought out that the federal government undoubtedly will take a contract with the state hospital, paying \$3 a day for the care of tuberculars sent there, and that the government will be anxious to have this done. No contract will be made for longer than a year by the government.

There are 3000 tubercular service men in Texas, Oklahoma and Arkansas, and by 1922 it is expected there will be 5,000 tuberculars. The peak is expected to be reached in 1924. Disability claims are being received in the district at the rate of 1500 a month, including all kinds of disabilities.

Dr. Shirey said that the last tubercular man who had been in the service will have died by 1927, and that this should be considered in caring for them now. Charles W. Scruggs of Dallas, state adjutant, said the legion records showed there were 1700 tubercular ex-service men in Texas. Dr. Brewer thought it would be no mistake to build a hospital larger than that needed for ex-service men, as there are many other tuberculars needing care.

In the present proposed legion bill Colonel Owsley said he did not believe the legion could own and control a hospital by leasing it to the United States public health service and then ask the state for an appropriation, as a legal proposition. The attorney general's department held this opinion, he said. He estimated American Legion property in Texas to be valued at from \$50,000 to \$500,000.

A question was brought up by Mr. Baggett as to whether the Texas Legion would break faith with the Benevolent War Society, which turned over the Kerrville hospital fund to it. Mr. Owsley did not think so, as the purpose of that society had been to aid the service men in need.

George N. Hefferan and John Hawley were here from the Galveston post of the Legion.

PRESIDENT AND DIRECTORS OF A. AND M. IN CONFERENCE

Austin, Tex., Feb. 2.—Dr. W. B. Bizzell, president of the A. and M. College, and six members of the board of directors of that institution met here today and discussed college affairs, besides holding conferences with the governor and members of the legislature regarding the several matters pending affecting the college. The directors here were L. J. Hart, San Antonio, president of the board; Will A. Miller, Amarillo, vice president; R. L. Young, Houston; H. A. Breihan, Bartlett; J. R. Kubena, Fayetteville, and T. N. Jones, Tyler.

NEINAST QUIZ IS COMPLETED IN HOUSE

(By Associated Press)
Austin, Texas, Feb. 1.—The house committee appointed to investigate charges against H. J. Neinast, representative from Washington county, completed the report of its findings this afternoon and will submit it to the house tomorrow morning. However, Representative Fly, chairman of the committee, announced that the report may be changed before it was filed with the speaker.

Mr. Neinast is charged with having been convicted on his own plea of guilty to conspiring against the United States during the world war and that his attitude during the war was one of disloyalty and un-Americanism. The charges were presented on the initial roll call at the opening of the legislature and were signed by Representatives Robert B. Thrasher of Travis and Thomas G. Pollard of Van Zandt. The committee heard testimony of approximately twenty-five witnesses during the investigation. Mr. Neinast was represented by John M. Mathis, an attorney of Houston, who made an eloquent appeal before the committee for the vindication of Mr. Neinast. He claimed that Neinast pleaded guilty to the charges solely on his advice. It was learned unofficially today that the committee did not find sufficient evidence to sustain the provision of the charge relating to Neinast's disloyalty and un-Americanism. The other findings and recommendations of the committee were not divulged.

The main issue before the committee during the investigation was whether the charge which Mr. Neinast was convicted of is felony and whether at the time of his election he was therefore a qualified elector of Texas. The house will probably take action on the report of the committee tomorrow.

QUASH MOTIONS DENIED.

Dallas, Texas, Feb. 2.—After Judge James C. Wilson had overruled motions of the defense attorneys to quash the indictment against Albert L. Rowan, W. S. Scrivner and Ben Luna in Federal District Court Monday and had denied motions for severance of the trials and for a change of venue, selections of a jury to try the three men was begun. The defendants are charged with participation in the robbery of the Jackson street station of the Dallas postoffice late in the afternoon of January 14.

At 5:30 p. m. Monday, Judge Wilson adjourned court after fifty prospective jurors had been examined by the government and a number had been questioned by the attorneys for the defense, without any statement being made as to how many of the veniremen would be acceptable.

The principal question asked the veniremen was whether they had read newspaper accounts of the robbery of the postoffice station and later developments and whether they felt that they would be able to render an unbiased and impartial verdict. With few exceptions, the veniremen answered that they were familiar with the case from newspaper reports. Questioning of the prospective jurors began shortly after noon.

The trial opened at 10 a. m., the motion to quash the indictment being presented soon thereafter. Will Harrell, representing Rowan, argued that the indictment charged no offense was committed against the laws of the United States. He contended that the first count in the indictment was uncertain and indefinite and failed to show against what charge a defense must be offered. In the second count, he argued more than one separate and distinct offense was charged.

Arguments in defense of the indictment were next presented by District Attorney R. E. Taylor, who presented authorities in support of his contentions. Assistant District Attorney W. T. Allen continued the argument. Jed C. Adams concluded for the defense.

Miss Rosa Williams of Brenham, who has been a guest of Mrs. John E. Astin returned home Tuesday. Why not advertise in the Daily and Weekly Eagle?

WILSON GETS OVATION ON FIRST APPEARANCE AT THEATRE 2 YEARS

(By Associated Press)
Washington, D. C. Feb. 2.—President Wilson suffered no ill effects from his visit to the theatre last night as far as could be learned at the white house today. This was his first visit since the illness which interrupted his speaking tour in September 1919, with Mrs. Wilson and his brother in law, John Bolling, the president saw a performance of John Drinkwaters "Abraham Lincoln," surprising a large audience. When he appeared in a lower box he was greeted with a round of cheers and the audience rose in unison until he was seated.

SENATORIAL SITUATION.

(Austin Correspondent Houston Chronicle)
The recent visit of Dr. B. Harvey Carroll of Houston and now consul to Madrid, Spain, has set the senatorial gossip going again. While here Dr. Carroll told several friends that he might return to the United States and enter the race for the United States senate in 1922 to succeed Senator C. A. Culberson.

O. B. Colquitt, former governor said a few days ago that it is his present intention to become a candidate. Cullen Thomas is pretty certain to be a candidate, and one of the strongest contenders in the field. Thomas L. Blanton, the fiery congressman from Abilene, has ambitions to wear the purple toga. Thomas B. Love may enter the race under certain conditions while it is the general impression that former Governor W. P. Hobby will be a candidate. W. E. Hawkins, former assistant justice of the Supreme Court has thrown his hat into the ring.

In the offing there are several who are keeping an eye on the situation, ready to fling their own lids if they see a good chance. Among these are S. P. Brooks and Tom M. Campbell, who were in the 1916 race, M. M. Crane, Cone Johnson, Tom Connolly of Marlin, and Joe Bailey. Bailey's friends are contending that the national election was a vindication of his policies and platform and that he may be induced to make another try for honors in Texas.

A GREAT TIME COMING

Messrs. James W. James, J. S. Doane, R. O. Allen and W. C. Lawson announce the coming of the world renowned Albert Lindquest, February 15th.

This will be the greatest feature of the kind that Bryan has ever known. Get your tickets early.

INTERURBAN EQUIPMENT HERE

The Bryan and College Interurban Railway is unloading a carload of machinery to be installed in its new power plant. A car of poles has already been received and a car of wire is rolling. The interurban company expects to close a deal today disposing of its old power plant and equipment.

"A gentleman," says Luke McLuke, "never tells a woman that he knew her when he was a little boy, but that he knew her when she was a little girl." That's safe as a general thing but Luke, after he has passed 50 it's better for him to forget his childhood business entirely unless he is talking with her alone.—Houston Post.

The high railroad rates are hitting the country pretty hard. What is needed is more efficiency in the railroad business in the United States from top to bottom and not raise on rates.

The Houston Post says: "Governor Neff has recommended consolidation and elimination in the public service that will save the taxpayers \$100,000 a year. Good. That is only 2 1-8 cents per capita of population per annum but every little bit helps." It sets a good example for everybody.

22 TEXAS COUNTIES SHORT FARM LABOR

(By Associated Press)
Dallas, Tex., Feb. 2.—Twenty-two counties of Texas will face a farm labor shortage before the harvest time, according to answers to queries received from eighty towns which cover approximately 93 counties sent out by the Texas Chamber of Commerce to all towns in the state of more than 30,000 population.

Two cities in the state have a surplus now of both skilled and unskilled labor, while twenty-one have a surplus of skilled, according to the report, and a small surplus of unskilled labor exists in the thirty-six towns of skilled labor in thirty-three towns. Normal labor conditions exist in thirty-eight towns, the report shows.

SPANISH MOST POPULAR

LANGUAGE S. M. U. TEACHES
Dallas, Texas, Feb. 2.—Spanish is the most popular language at Southern Methodist University with an enrollment of 350 out of 850 students of the college of liberal arts. French is second with 250, and German last with only 45. Professor S. A. Myatt, of the Spanish department, accounts for its popularity chiefly as the result of the vast commercial expansion of the United States in relation to Mexico, Central and South American countries and the realization by commercial houses that the keeping of this trade will necessitate the learning of the language.

VARSITY DEBATERS GIVEN ASSIGNMENTS

Austin, Feb. 2.—University of Texas program for intercollegiate debate with out-of-state institutions shows a schedule of seven debates, the largest that has ever been arranged. There will be four university teams, three of them engaging in two debates.

In all debates the question will be: "Resolved, That the several states should establish a court of industrial relations similar to that of Kansas." For the past two years the university has remained undefeated in debate, and it is hoped to maintain this record. The debate scheduled with Columbia University this season represents the first contest in which the University of Texas has met one of the Eastern universities.

Assignments of teams and debates, following the final tryouts by which the eight university representatives were chosen, have been made as follows: Judson C. Francis of Austin and Jack Blalock of Marshall, to debate on the affirmative side of the question with Tulane University of Louisiana at New Orleans on March 1 and Columbia University of New York on March 4; Wayne R. Howell of Corsicana and Paul T. McMahon of Bonham to uphold the affirmative side of the question, debating the University of New Mexico at Albuquerque on April 6 and the University of Colorado on April 8; John D. Cofer of Austin and Frank K. McGeehe of Weatherford to debate on the negative side with the University of Colorado at Austin on April 8 and the University of Arkansas at Fayetteville on April 13; Erle M. Racey of San Antonio and Leslie C. Merrem of Shiner to uphold the affirmative side of the question in a debate with the University of Oklahoma at Austin on April 13.

UNIVERSITIES GET NEWS BY WIRELESS

Austin, Texas, Feb. 2.—News dispatches are now received via wireless for publication in the Daily Texan. University of Texas student paper, through the recently established Intercollegiate News Bureau. This wireless service exchange is now maintained between the University, A. & M. and Southern Methodist Universities. It is hoped that all the prominent colleges in the Southwest will eventually be included. Through this medium, results of athletic contests and other news of similar nature is available with great rapidity for the students interested.

The University wireless station is operated by two engineering students George Endress of Austin and James P. Buchanan of Brenham, and dispatches transmitted through them to the office of the Daily Texan for publication. Twice daily for two hour periods these students are at the station, prepared to send and receive messages. The work is done without compensation, for the sake of practice.

R. F. Morrison of Florence, S. C. is the student representative of the Daily Texan in the matter of wireless news exchange, and has charge of the copy sent and received.

HELD FOR GRAND JURY.

Luke Hampton, negro, was held to the grand jury Monday on a charge of assault to murder by Justice J. W. Hamilton and his bond was fixed at \$500. Wayne Davis, a white man, was also bound over to await the action of the grand jury. His bond was fixed at \$500.

TEXAS MAY BE FIRST TO FINISH JEFFERSON HIGHWAY

(By Associated Press)
Denison, Texas, Feb. 2.—In all probability Texas will be the first state through which passes the Jefferson Highway, to complete its hard surfacing project, according to W. N. King, vice president of the association in Texas, who has just returned from the annual meeting and election of the association. The meeting was held in St. Joseph, Missouri. Texas has hard surfaced all but sixty miles of its 281 miles, Mr. King said.

Completion of its uniform marking plan and the conducting of a general advertising campaign, are the two projects the association will carry out this summer, the Texas official stated. The highway is well marked through all the states with the exception of Oklahoma and Texas. The advertising will be used to call the attention of tourists to the highway and the country through which it passes.

HARVEY NEWS.

Harvey, Texas, Feb. 2.—January just past will be recorded in history as the warmest and most pleasant January that many of our states have known in years. Trees are budding and some fruit trees are blooming and grass is unusually green for this time of the year.

Captain D. S. Buchanan and his niece, Miss Trueheart Buchanan, of Bryan were the guests of Mr. and Mrs. M. G. Buchanan Sunday.

Mrs. Jeff Goen, who has been seriously sick for nearly two weeks is considered some better now. Messrs. Hugh and Leslie Goen were called home from Port Arthur last week to their mothers' bedside.

Major Clinton Russell and family of College Station accompanied by George Davidson were guests of Dr. and Mrs. J. C. Davidson Sunday afternoon. President Bizzell is having a residence built at College for Major Russell.

Mr. and Mrs. Altha Todd have a little girl, Nina Ruth, who bids fair to be a fine pianist. Though only five years old she strikes chords and plays several pieces well, carrying a very good bass. Her mother says it is intuitive with her as she has never instructed her at all.

PARENT-TEACHERS NOT AFFECTED BY SEASON'S DULLNESS

(By Pattie W. Sims)

In these dull days when business seems pathetically quiescent and all the world is bordering on a panic, it is really refreshing to know of the splendid enthusiasm that is stirring the hearts of the men and women who compose the Parent-Teachers' Association of Bryan. Long ago thinking men and women realized that federation is the most puissant, the most important and the most successful force in the world of the past or the present as it shall be of the future. Great deeds have been accomplished through it, mighty causes have been carried forward by it. Happiness, success, love and joy come from it. Bryan has caught the vision and the Parent-Teachers' Association is the result. It is a federation of Bryan men and women of high ideals, who are ready to put them into execution for the betterment of child welfare. From three to five o'clock every first Thursday in the month the Parent-Teachers' Association will hold a meeting. A specially prepared program will be used for this occasion. A program full of pep and action. All long drawn out speeches will be tabooed. Two minute talks will be the limit for any speaker unless Governor Neff shall favor us with his presence, and then we shall accord him fifteen minutes by the clock. We shall have no regular meeting on Thursday but instead we shall have a visiting day and all parents are urged to visit the schools and see the children at work. Prof. W. C. Lawson urges the parents to encourage the children in school by their presence. Thursday shall also be a tree planting day and we hope to have a thousand trees planted on our school grounds on this day. Just think what it will mean to beautify the school grounds with trees, shrubs and flowers. Another plan of the Parent-Teachers' Association is to have a Tag Day Saturday. Secretary S. E. Eberstadt has graciously offered to assist us on Tag Day and he is the very best ever in this line of work. On one tag day that he conducted he raised \$900.00. This amount of money would transform our public school grounds into "a thing of beauty and a joy forever." Parents of Bryan do not be slackers, put your shoulder to the wheel and help to make the Parent-Teachers' Association the most potent and successful force in Bryan for child welfare. Thus may your child and your neighbors child realize the joy of self discovery that opens up whole continents of possibilities in their nature, which might otherwise remain undiscovered. Can you neglect this opportunity to have your child's mentality stirred by the nation for expansion to feel the tonic of growth and the indescribable satisfaction which comes from the consciousness of perpetual enlargement. Remember Thursday is the day to visit the schools and plant trees and Saturday tag day for the Parent-Teachers' Association of Bryan.

Committees appointed by Mrs. W. B. Cline, president and executive board are as follows:

Appointed members of executive board.—Prof. W. C. Lawson, Prof. C. M. Bethany, and Mrs. M. W. Sims. Advisory board.—R. O. Astin, F. L. Henderson, Mrs. J. W. Batts, Mrs. E. J. Fountain.

Membership committee.—Mrs. M. G. Nall, Mrs. Thurston Cole, Mrs. Mills Walker and Mrs. R. W. Persons. Mrs. Lichte and Mrs. W. L. Powers. School ground committee.—Mrs. S. C. Williams, Mrs. Roger Astin, A. M. Waldrop, M. B. Parker, Prof. C. L. Cleveland, Mrs. E. H. Astin, Mrs. F. L. Henderson, Miss Ray Montgomery, Mrs. Jno. M. Parker, Mrs. A. M. Waldrop, Mrs. M. B. Parker, W. L. Powers, Miss Lela Griffin, and Miss Lizzie Suber.

School library committee.—Mrs. A. M. Waldrop, Mrs. George Chance, Mrs. C. M. Bethany, Mrs. J. N. Goodwin, and Mrs. Robert Armstrong.

Publicity committee.—Mrs. A. J. Buchanan, Miss Malcolm McInnis, Mrs. Will Howell and Miss Annie Dearing.

Finance committee.—Mrs. J. L. Brock, Mrs. J. E. Astin, Mrs. Tyler Haswell, Mrs. W. S. Higgs and Mrs. J. E. Covey.

Program committee.—Mrs. E. H. P. Pain, Mrs. Hettie Curry, Miss Allie Montgomery, Mrs. R. O. Allen, W. M. Bennett and Miss Nell Grimes.

Child hygiene committee.—Mrs. Paul Swancoat, Mrs. C. A. Searcy, Mrs. J. T. Hanway, Mrs. Sam Cavitt, Mrs. Walter Holmes, Miss Lucile Young, Mrs. Egbert Jones, Miss Margaret Zuber, Mrs. Edna Tobias and Miss May Burtis.

Entertainment committee.—Mrs. B. U. Sims, Mrs. Lee J. Rountree, Mrs. W. S. Barron, Mrs. Neely, Mrs. W. D. Lawrence, Mrs. Chas. Felker, Mrs. J. W. Black, Mrs. Hendricks Conway, Mrs. M. E. Wallace, Mrs. Horace Damsy, Mrs. J. S. Doane, Mrs. Henry Locke, Mrs. E. Kennedy, Mrs. Jas. W. James, Mrs. Howard Cavitt, Mrs. H. O. Ferguson, Mrs. Webb Howell, Mrs. A. O. Graham, Miss Nina Graham, Miss Nina Henry, Miss Edelweiss Koppe, Miss McLendon and Miss Gladys Walker.

"COOTIE CRAWL" AND SHIMMIE ARE BARRED IN WICHITA FALLS
Wichita Falls, Texas, Feb. 2.—The reform wave struck this city with a vengeance when six members of the most exclusive social circle in Wichita Falls were ordered from the floor at a fashionable dance after they had ignored the instructions from the chaperons to stop the "shimmie" and "cootie crawl."

Managers of a local hotel are backing the movement for clean dancing and are reported to have refused the use of the hotel ballroom to a prominent dancing club unless officials of the organization made proper security for the behavior of guests while on the floor.

SALE

That's safe as a general thing but Luke, after he has passed 50 it's better for him to forget his childhood business entirely unless he is talking with her alone.—Houston Post.

The high railroad rates are hitting the country pretty hard. What is needed is more efficiency in the railroad business in the United States from top to bottom and not raise on rates.

The Houston Post says: "Governor Neff has recommended consolidation and elimination in the public service that will save the taxpayers \$100,000 a year. Good. That is only 2-18 cents per capita of population per annum but every little bit helps." It sets a good example for everybody.

22 TEXAS COUNTIES SHORT FARM LABOR

(By Associated Press)

Dallas, Tex., Feb. 2.—Twenty-two counties of Texas will face a farm labor shortage before the harvest time, according to answers to queries received from eighty towns which cover approximately 93 counties sent out by the Texas Chamber of Commerce to all towns in the state of more than 30,000 population.

Two cities in the state have a surplus now of both skilled and unskilled labor, while twenty-one have a surplus of skilled, according to the report, and a small surplus of unskilled labor exists in the thirty-six towns of skilled labor in thirty-three towns. Normal labor conditions exist in thirty-eight towns, the report shows.

SPANISH MOST POPULAR LANGUAGE S. M. U. TEACHES

Dallas, Texas, Feb. 2.—Spanish is the most popular language at Southern Methodist University with an enrollment of 350 out of 850 students of the college of liberal arts. French is second with 250, and German last with only 45. Professor S. A. Myatt, of the Spanish department, accounts for its popularity chiefly as the result of the vast commercial expansion of the United States in relation to Mexico, Central and South American countries and the realization by commercial houses that the keeping of this trade will necessitate the learning of the language.

VARSITY DEBATERS GIVEN ASSIGNMENTS

Austin, Feb. 2.—University of Texas program for intercollegiate debate with out-of-state institutions shows a schedule of seven debates, the largest that has ever been arranged. There will be four university teams, three of them engaging in two debates.

In all debates the question will be: "Resolved, That the several states should establish a court of industrial relations similar to that of Kansas." For the past two years the university has remained undefeated in debate, and it is hoped to maintain this record. The debate scheduled with Columbia University this season represents the first contest in which the University of Texas has met one of the Eastern universities.

Assignments of teams and debates, following the final tryouts by which the eight university representatives were chosen, have been made as follows: Judson C. Francis of Austin and Jack Blalock of Marshall, to debate on the affirmative side of the question with Tulane University of Louisiana at New Orleans on March 1 and Columbia University of New York on March 4; Wayne R. Howell of Corsicana and Paul T. McMahon of Bonham to uphold the affirmative side of the question debating the University of New Mexico at Albuquerque on April 6 and the University of Colorado on April 8; John D. Cofer of Austin and Frank K. McGee of Weatherford to debate on the negative side with the University of Colorado at Austin on April 8 and the University of Arkansas at Fayetteville on April 13; Erle M. Racey of San Antonio and Leslie C. Merrem of Shiner to uphold the affirmative side of the question in a debate with the University of Oklahoma at Austin on April 13.

UNIVERSITIES GET NEWS BY WIRELESS

Austin, Texas, Feb. 2.—News dispatches are now received via wireless for publication in the Daily Texan, University of Texas student paper, through the recently established Intercollegiate News Bureau. This wireless service exchange is now maintained between the University, A. & M. and Southern Methodist Universities. It is hoped that all the prominent colleges in the Southwest will eventually be included. Through this medium, results of athletic contests and other news of similar nature is available with great rapidity for the students interested.

The University wireless station is operated by two engineering students George Endress of Austin and James P. Buchanan of Brenham, and dispatches transmitted through them to the office of the Daily Texan for publication. Twice daily for two hour periods these students are at the station, prepared to send and receive messages. The work is done without compensation, for the sake of practice.

R. F. Morrison of Florence, S. C. is the student representative of the Daily Texan in the matter of wireless news exchange, and has charge of the copy sent and received.

HELD FOR GRAND JURY.

Luke Hampton, negro, was held to the grand jury Monday on a charge of assault to murder by Justice J. W. Hamilton and his bond was fixed at \$500. Wayne Davis, a white man, was also bound over to await the action of the grand jury. His bond was fixed at \$300.

TEXAS MAY BE FIRST TO FINISH JEFFERSON HIGHWAY

(By Associated Press)

Denison, Texas, Feb. 2.—In all probability Texas will be the first state through which passes the Jefferson Highway, to complete its hard surfacing project, according to W. N. King, vice president of the association in Texas, who has just returned from the annual meeting and election of the association. The meeting was held in St. Joseph, Missouri. Texas has hard surfaced all but sixty miles of its 281 miles, Mr. King said.

Completion of its uniform marking plan and the conducting of a general advertising campaign, are the two projects the association will carry out this summer, the Texas official stated. The highway is well marked through all the states with the exception of Oklahoma and Texas. The advertising will be used to call the attention of tourists to the highway and the country through which it passes.

HARVEY NEWS.

Harvey, Texas, Feb. 2.—January just past will be recorded in history as the warmest and most pleasant January that many of our states have known in years. Trees are budding and some fruit trees are blooming and grass is unusually green for this time of the year.

Captain D. S. Buchanan and his niece, Miss Trueheart Buchanan, of Bryan were the guests of Mr. and Mrs. M. G. Buchanan Sunday.

Mrs. Jeff Goen, who has been seriously sick for nearly two weeks is considered some better now. Messrs. Hugh and Leslie Goen were called home from Port Arthur last week to their mothers' bedside.

Major Clinton Russell and family of College Station accompanied by George Davidson were guests of Dr. and Mrs. J. C. Davidson Sunday afternoon. President Bizzell is having a residence built at College for Major Russell.

Mr. and Mrs. Altha Todd have a little girl, Nina Ruth, who bids fair to be a fine pianist. Though only five years old she strikes chords and plays several pieces well, carrying a very good bass. Her mother says it is intuitive with her as she has never instructed her at all.

PARENT-TEACHERS NOT AFFECTED BY SEASON'S DULLNESS

(By Pattie W. Sims)

In these dull days when business seems pathetically quiescent and all the world is bordering on a panic, it is really refreshing to know of the splendid enthusiasm that is stirring the hearts of the men and women who compose the Parent-Teachers' Association of Bryan.

Long ago thinking men and women realized that federation is the most puissant, the most important and the most successful force in the world of the past or the present as it shall be of the future. Great deeds have been accomplished through it, mighty causes have been carried forward by it. Happiness, success, love and joy come from it. Bryan has caught the vision and the Parent-Teachers' Association is the result. It is a federation of Bryan men and women of high ideals, who are ready to put them into execution for the betterment of child welfare. From three to five o'clock every first Thursday in the month the Parent-Teachers' Association will hold a meeting. A specially prepared program will be used for this occasion. A program full of pep and action. All long drawn out speeches will be tabooed. Two minute talks will be the limit for any speaker unless Governor Neff shall favor us with his presence, and then we shall accord him fifteen minutes by the clock. We shall have no regular meeting on Thursday but instead we shall have a visiting day and all parents are urged to visit the schools and see the children at work. Prof. W. C. Lawson urges the parents to encourage the children in school by their presence. Thursday shall also be a tree planting day and we hope to have a thousand trees planted on our school grounds on this day. Just think what it will mean to beautify the school grounds with trees, shrubs and flowers. Another plan of the Parent-Teachers' Association is to have a Tag Day Saturday. Secretary S. E. Eberstadt has graciously offered to assist us on Tag Day and he is the very best ever in this line of work. On one tag day that he conducted he raised \$900.00. This amount of money would transform our public school grounds into "a thing of beauty and a joy forever." Parents of Bryan do not be slackers, put your shoulder to the wheel and help to make the Parent-Teachers' Association the most potent and successful force in Bryan for child welfare. Thus may your child and your neighbors child realize the joy of self discovery that opens up whole continents of possibilities in their nature, which might otherwise remain undiscovered. Can you neglect this opportunity to have your child's mentality stirred by the passion for expansion to feel the tonic of growth and the indiscribable satisfaction which comes from the consciousness of perpetual enlargement. Remember Thursday is the day to visit the schools and plant trees and Saturday tag day for the Parent-Teachers' Association of Bryan.

Committees appointed by Mrs. W. B. Cline, president and executive board are as follows:

Appointed members of executive board.—Prof. W. C. Lawson, Prof. C. M. Bethany, and Mrs. M. W. Sims.

Advisory board.—R. O. Astin, F. L. Henderson, Mrs. J. W. Batts, Mrs. E. J. Fountain.

Membership committee.—Mrs. M. G. Hall, Mrs. Thurston Cole, Mrs. Mills Walker and Mrs. R. W. Persons.

Mrs. Lichte and Mrs. W. L. Powers.

School ground committee.—Mrs. S. C. Williams, Mrs. Roger Astin, A. M. Waldrop, M. B. Parker, Prof. C. L. Cleveland, Mrs. E. H. Astin, Mrs. F. L. Henderson, Miss Ray Montgomery, Mrs. Jno. M. Parker, Mrs. A. M. Waldrop, Mrs. M. B. Parker, W. L. Powers, Miss Lela Griffin, and Miss Lizzie Suber.

School library committee.—Mrs. A. M. Waldrop, Mrs. George Chance, Mrs. C. M. Bethany, Mrs. J. N. Goodwin and Mrs. Robert Armstrong.

Publicity committee.—Mrs. A. J. Buchanan, Miss Malcolm McInnis, Mrs. Will Howell and Miss Annie Dearing.

Finance committee.—Mrs. J. L. Brock, Mrs. J. E. Astin, Mrs. Tyler Haswell, Mrs. W. S. Higgs and Mrs. J. E. Covey.

Program committee.—Mrs. E. H. P. Pain, Mrs. Hettie Curry, Miss Allie Montgomery, Mrs. R. O. Allen, W. M. Bennett and Miss Nell Grimes.

Child hygiene committee.—Mrs. Paul Swancoat, Mrs. C. A. Searcy, Mrs. J. T. Hanway, Mrs. Sam Cavitt, Mrs. Walter Holmes, Miss Lucile Young, Mrs. Egbert Jones, Miss Margaret Zuber, Mrs. Edna Tobias and Miss May Burtis.

Entertainment committee.—Mrs. B. U. Sims, Mrs. Lee J. Rountree, Mrs. W. S. Barron, Mrs. Neely, Mrs. W. D. Lawrence, Mrs. Chas. Felker, Mrs. J. W. Black, Mrs. Hendricks Conway, Mrs. M. E. Wallace, Mrs. Horace Damsby, Mrs. J. S. Doane, Mrs. Henry Locke, Mrs. E. Kennedy, Mrs. Jas. W. James, Mrs. Howard Cavitt, Mrs. H. O. Ferguson, Mrs. Webb Howell, Mrs. A. D. Graham, Miss Nina Graham, Miss Nina Henry, Miss Edelweiss Koppe, Miss McLendon and Miss Gladys Walker.

"COOTIE CRAWL" AND SHIMMIE ARE BARRED IN WICHITA FALLS

Wichita Falls, Texas, Feb. 2.—The reform wave struck this city with a vengeance when six members of the most exclusive social circle in Wichita Falls were ordered from the floor at a fashionable dance after they had ignored the instructions from the chaperons to stop the "shimmie" and "cootie crawl."

Managers of a local hotel are backing the movement for clean dancing and are reported to have refused the use of the hotel ballroom to a prominent dancing club unless officials of the organization made proper security for the behavior of guests while on the floor.

SALE

Maloney will continue House Breaking Sale during the week. Don't fail to visit the store, while in the city, before you buy. Bargains in all departments.
